November 28, 2011

To: Town Manager, Members of the Town Council, Representative Town Meeting and Citizens of the Town of Groton.

Connecticut State Statute requires that all municipal entities publish within six months of the close of each fiscal year a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to that requirement we hereby issue the Comprehensive Annual Financial Report (CAFR) of the Town of Groton for the fiscal year ended June 30, 2011.

This Report consists of management's representations concerning the finances of the Town of Groton. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the Town of Groton has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the Town of Groton's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the Town of Groton's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The Town of Groton's financial statements have been audited by Blum Shapiro & Company, P.C., a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the Town of Groton for the fiscal year ended June 30, 2011, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by

Mary D. Gardner
Assessor

management; and evaluating the overall financial statement presentation. The independent auditors concluded, based upon the audit, that there was a reasonable basis for rendering an unqualified opinion that the Town of Groton's financial statements for the fiscal year ended June 30, 2011, are fairly presented in conformity with GAAP. The independent auditors' report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the Town of Groton was part of broader federally and state mandated "Single Audits" designed to meet the special needs of federal and state grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal and state awards. These reports are available in the Town of Groton's separately issued Single Audit Reports. GAAP requires that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The Town of Groton's MD&A can be found immediately following the report of the independent auditors.

Profile of the Government:

The Town of Groton covers approximately 38 square miles along 40 miles of coastline on Long Island Sound and is located in New London County in the southeastern section of Connecticut. It is bounded on the north by the Town of Ledyard, on the east by the Mystic River, on the west by the Thames River, and on the south by Long Island Sound. Based on the State of Connecticut's Department of Public Health, the Town's population is approximately 40,125 residents. Originally part of the City of New London, the Town was incorporated May 10, 1705 and lies equidistant between New York City and Boston.

Within the Town of Groton there are two political subdivisions, the City of Groton (City) and Groton Long Point Association (GLPA). In addition, there are seven (7) special taxing districts within the Town. For the political subdivisions, the Town funds their public works budgets (City: 91% and GLPA: 100%) and their public safety budgets (City: 46% and GLPA: 0%). The special districts are organized units of government within the Town, having separate governing bodies. They were established by special acts of the State legislature for specific purposes such as fire protection. All these governmental units have individual taxing authority.

Governing Body:

The structure of the Town's government combines a modern professional approach with the traditional town meeting form. Since 1957, the Town has been governed by a Town Council-Town Manager-Representative Town Meeting (RTM) structure. Revisions to the Town Charter were approved at a voter referendum on November 4, 2008 with those revisions taking effect on January 3, 2009.

The Town Council is responsible for determining policy and appointing the Town Manager to execute this policy and administer the day-to-day affairs of the Town. The Council holds public hearings on the budget and sets the tax rate. It appoints one of its nine (9) members as Mayor to serve as chairperson of its meetings and as the Town's representative at ceremonial functions. The councilors each are elected for two-year terms.

The Town Manager is appointed by and directly responsible to the Council and serves for no definite term, but at the pleasure of the Council. The Manager is responsible to the Council for the supervision and administration of Town departments. The Council also appoints the Town's independent auditor and the Town Attorney.

Services:

The Town of Groton provides a full range of services, including education, police, the construction and maintenance of highways, streets, storm and sanitary sewers and infrastructure; social services, parks and recreational activities and cultural events. For FYE 2011, approximately 268 full-time municipal employees provided services to a community of 38 square miles and 40,000 residents.

Budgetary Process:

The annual budget serves as the foundation for the Town of Groton's financial planning and control. The Town departments are required to submit requests for appropriation to the Town Manager on or before January 14th. The Board of Education and the political subdivisions within the Town of Groton are required to submit requests for appropriation on or before February 28th. The Town Manager uses these requests as the starting point for developing a proposed budget. The Town Manager presents this proposed budget to the council for review not later than March 15th. The council is required to hold at least one public hearing on the proposed budget not later than April 6th. On or before April 28th, the Council approves a budget that it sends to the RTM for consideration and its final approval. The RTM takes final action on the budget not later than May 25th. Following RTM approval of a final budget, the Council shall determine the final tax rate on or before June 9th. The appropriated budget is prepared by fund and function (e.g., public works, public safety).

In other matters, the RTM has the power of initiative to institute legislation or force reconsideration of an ordinance already adopted by the Town Council. The forty-one RTM members are elected by eight (8)-voting districts for two-year terms.

Expenditure Control:

The Town maintains budgetary controls to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the Town Council and RTM. Activities of the general fund, certain special revenue funds and the debt service fund are included in the annual appropriated budget. Project-length budgets are prepared for several special revenue funds and for the capital project fund. The level of budgetary control (i.e., the level at which expenditures cannot legally exceed the appropriated amount) is the function level within each fund.

At the direction of the Town Manager, all Department Directors are expected to follow strict guidelines for expenditure control within the approved function appropriation. The Town Manager reserves the right to set “administrative spending authority” limits when justified to maintain the fiscal integrity of the budget. Department Directors are evaluated on budget management abilities. The Finance Department also monitors expenditures to budget through the general ledger/accounting system.

The Town maintains an encumbrance accounting system as another method of maintaining budgetary control. All purchases, except certain services as outlined in the Town’s Purchasing Manual, require a purchase requisition and a purchase order. In addition, purchases over \$500 require evidence that quotations were received and that the lowest quote, consistent with quality, was selected. State Statute requires formal competitive bids for expenditures over \$7,500. Funds are recorded as encumbered when the purchase order is issued and expenditures are recorded when the Town incurs a liability.

All unencumbered operating appropriations will lapse at year-end. In the Capital Projects Funds, appropriations are continued until completion of the projects or five years from date of appropriation, whichever is less. Budgetary control in the Capital Projects Funds is achieved by the constraints imposed by the project's authorization or grant awards related to these funds.

Local Economy:

Groton was settled primarily by farmers, but they turned early to shipbuilding and the maritime trade to supplement their livelihood. Groton became known as the Submarine Capital of the World when the Electric Boat Division of General Dynamics delivered 74 diesel submarines to the Navy in World War II. This was followed in 1954 with the launch of the USS Nautilus, the world’s first nuclear-powered submarine, now permanently berthed at Goss Cove near the Submarine Base. Today Groton is a regional center for commerce and industry while its shoreline location and its many historical sites have made the region a prime tourist attraction. The three top employers are U. S. Navy Submarine Base, Electric Boat Corporation and Pfizer Inc. As of June 2011, the Town had an unemployment rate of 9.3% as compared to the New London County rate of 9.0%, the state’s average rate of 9.1% and the national average of 9.3%. New London County has an employed labor force of approximately 139,510 residents.

Grand List Decreases by 0.1%:

The October 1, 2010 net adjusted taxable Grand List fell 0.1% from the 2009 Grand List, after the Board of Assessment Appeals. The net adjusted grand list now totals \$4,098,212,168. Real estate rose about 0.4%, from about \$3.601 billion to \$3.617 billion. The net personal property grand list fell 8.2%, from about \$331 million to about \$303 million. The motor vehicles portion of the grand list rose 3.4% from \$171,487,204 in 2009 to \$177,292,052. A more detailed analysis is presented in the Management Discussion and Analysis (MD&A) section of the CAFR.

Long-Term Financial Planning/Relevant Financial Policies:

The unassigned fund balance in the general fund (8.7% of the total general fund expenditures) is in compliance with the Town Council's Debt Policy and Management/Fiscal Practices that were initially adopted in September 1993 and revised in May 2009. That policy states that the unassigned fund balance shall be maintained in an amount equal to at least seven and one-half (7.5%) percent.

The Town Charter provides for the Town Manager to propose in the annual budget to the town council an allocation of funds to the capital reserve fund. This fund was established for future capital and nonrecurring expenditures for the town. This allocation is to be not less than four percent of the general fund budget, less the amount necessary to defray general fund obligated debt service. This amount is subject to approval of the Town Council and Representative Town Meeting. The proposed amount of \$1,500,000 was reduced by the Town Council to \$1,012,000 and further reduced by the RTM to \$828,000.

Major Initiatives: For the Fiscal Year Ended June 30, 2011:

School Construction: Phase I:

Three school projects were approved by the Town of Groton voters in an April 27, 2004 referendum. These projects totaling \$91.9 million are the first phase of a three-part plan to overhaul the Town's aging schools. The referendum approved three town ordinances that appropriated \$91.9 million and authorized the issuance and sale of bonds and notes to fund the construction of two elementary schools (Catherine Kolnaski Elementary and Northeast Academy Elementary) and renovations and additions to Fitch High School. Subsequently in the fall of 2007 an additional appropriation of \$500,000 was approved for the Catherine Kolnaski Elementary School. The construction of the elementary schools began in August of 2006 and contract close-outs are now complete for both elementary schools. The two elementary schools were opened and occupied in January 2008, after the December holiday break. The addition to the high school and associated site work began in October 2006 and was ready for occupancy upon the return of the students from their February 2008 break. Renovations on the existing building continued through the summer of 2008, with work substantially complete by the time school reopened in the fall. The Board of Education accepted as complete the two elementary schools in April 2009 and the renovations and expansion of the high school in July 2009. This acceptance of the three projects qualified them for finalization of the State Department of Education grants that will partially offset construction, design and contract management costs. The State Department of Education audited two of the school projects (Kolnaski and Northeast) and due to staffing issues allowed the Town to choose an audit firm to audit the Fitch High School project. All three audits were completed in FYE 2011. Final resolution/payments on the Kolnaski and Fitch audits are forthcoming.

School Construction: Phase II:

With the completion of Phase I, facilities and educational needs of the Town were evaluated to identify additional school enhancement projects. Phase II, a \$133 million proposal, called for a new middle school to be built where Claude Chester Elementary School now stands, the renovation of Cutler Middle School into an intermediate elementary school and the conversion of S. B. Butler Elementary and West Side Middle into early education centers. About half of the

costs were expected to be paid by the State. On May 2, 2011 a voter referendum was held on this project and it was rejected by a vote of 4,184 to 1,437. The Board of Education is currently reviewing the options for future facility enhancements and consolidations.

Water Pollution Control Facility, Additions and Improvements: Voters of the Town of Groton approved a referendum on the November 5, 1996 ballot for additions and improvements to the Water Pollution Control Facility and Sewer System Evaluation Study. The referendum approved a Town Ordinance that appropriated \$10,388,000 and authorized the issuance and sale of bonds and notes to fund the additions and improvements. The Town Council and Representative Town Meeting approved an additional \$5.1 million appropriation in the spring of 2000 and a voter referendum in May of 2000 also approved the increased appropriation and borrowing authorization. It is anticipated that this project will support the wastewater treatment capability needs through the year 2015. During the 2004 State Legislative process, the Town sought a \$2.0 million grant to the town to offset inflationary costs that have resulted from the town's negotiations with the State DEP concerning the Environmental Impact Evaluation. In June 2004, the Governor signed a bill that included \$2.0 million grant for this project. In September 2004 the Town received a copy of a letter that was sent from the Secretary of OPM to the Deputy Commission of DEP approving the Town of Groton's WPCF Upgrade EIE. In October and December 2004 the Town Council and Representative Town Meeting respectively passed a resolution approving the additional appropriation and extending the appropriations for additions and improvements to the WPCF in the amount of \$17.5 million.

Bid opening for the project was in May 2006. Only one bid was received and it was over budget. Market forces had outpaced the amount of funds appropriated for the project. The project was now estimated to cost \$20.9 million with the increase costs of \$3.4 million to be funded by the balances in the Sewer Operating Fund (\$1,932,000) and Sewer Capital Reserve Fund (\$418,000) and deferring several capital projects (\$1,050,000). The bonding authorization of \$15.5 million remained unchanged. The Water Pollution Control Authority at its August 7, 2006 meeting passed a resolution requesting that the Town Council/RTM appropriate additional funds to complete the project. On August 22, 2006, the Town Council approved a resolution approving additional appropriations as listed above and extending the appropriation for additions and improvements to the Water Pollution Control Facility. This item was referred to the Representative Town Meeting and approved unanimously at their September 13, 2006 meeting.

In the fall of 2008 the town received additional state grants and availed itself of the state's low-interest loan program. The funding allowed the town to pursue "sub-projects" in the amount of \$2.044 million that had been deleted because of budget constraints during the long planning process. This most recent change meant the town could return most of the \$3.4 million to its reserve funds and instead use state grants and loans at a 2% interest rate.

The main project, the additions and improvements to the main facility, was awarded in February 2007 and is substantially completed. However, the rain event and subsequent flooding of March 2010 caused a significant system disruption; thus the testing phase of the Integrated Fixed Film/Activated Sludge (IFAS) System will be delayed for another year.

The three other related sub-projects were the installation of a second permanent generator, the rehabilitation of one of the old secondary clarifiers and the effluent force main valve upgrade. By June 30, 2011 all had either reached or were near substantial completion.

The complete project was approved with a combination of grants and loans from the State's Clean Water Fund, local funding and bonds.

Senior Center Addition & Renovations Project: Voters of the Town of Groton approved a referendum on November 6, 2007 for \$11.77 million that would add 22,000 square feet to the existing 14,900 square-foot building that was built in 1979. It includes additional activity classrooms, a computer room, a music room, exercise and fitness room and administrative offices. Renovations and additions are planned for the kitchen facilities, entry vestibule and lobby. Work on the building began in March 2009 and was completed by March 2010.

Thames Street Rehabilitation:

On November 3, 2009, Groton voters were asked to authorize bonding in the amount of \$10.725 million for major upgrades to Thames Street. The road has not been overlaid with bituminous asphalt since 1957 and very little has been done to address the underlying road. The road has undergone various patch jobs and its width ranges from 25 feet to 50 feet and core samples found anywhere from 1 inch to 16 inches of asphalt. About 60 percent of the project costs call for reconstruction of the road and fixing drainage and retaining walls while the rest would address lighting, sidewalks and some landscaping. The referendum failed with 56% of the voters voting against the referendum. In the summer of 2010, the Town Council established a committee to discuss the future of Thames Street with the goal of creating a plan that could be presented to the voters before a referendum in the spring 2011. In November 2010, the Town Council received the committee's recommendation for a \$6,300,000 upgrade to Thames Street. The Town Council and Representative Town Meeting approved the bonding resolution and the matter was on the May 2, 2011 referendum ballot which was approved by the voters by 3,334 to 2,306.

Mystic Streetscape:

This is a \$5.5 million streetscape project that will reroute an aging sewer pipe on the north side of West Main Street from the drawbridge to Gravel Street. This project which began in November 2010 will remake the downtown business district by sinking utility line underground, widening sidewalks, improving crosswalks and accessibility and maximizing legal parking and is expected to take about 18 months. The bulk of the costs, about \$3.1 million, is covered federal stimulus dollars from the American Recovery & Reinvestment Act and the balance by other federal funds with a state-paid match.

Major Initiatives: *For the Future:*

Thames Street Rehabilitation:

Project design is expected to be completed by June 2012.

School Projects, Phase II:

The issue of consolidation, which would have been achieved with its passage, will be considered by the Board of Education as necessary to keep education costs as low as possible and to respond to a declining school population. A reduction in the number of middle schools from three to two is being considered.

Mystic Streetscape:

This project which began in November 2010 is expected to be completed by spring 2012.

Debt Administration:

In October 2010 Bond Anticipation Notes (BANs) in the amount of \$3,040,000 became due and BANs in the amount of \$3,210,000 were sold. Those BANs were sold for Phase I-Schools in the amount of \$2,840,000 which is mainly for the retainage held by the State pending an audit of the three school projects. Additionally BANs were sold for the Senior Center project in the amount of \$370,000 mainly due for additional costs that were incurred subsequent to the October 2009 bond sale. The BANs were issued for nine months and sold to Piper Jaffray with a net interest rate @ 0.409%. Those BANs matured in July 2011.

At year-end, the Town had a number of debt issues outstanding. These issues, net of applicable unamortized discounts, included \$45,700,000 of general obligation bonds, \$5,890,000 of general obligation sewer bonds paid by special assessments/fees for total bonds payable of \$51,590,000. Last fiscal year that total amount was \$55,400,000.

In May 2009, the Town Council revised its “Debt Policy and Management/Fiscal Practices” that establishes criteria for the issuance of debt as well as setting some benchmarks on which to evaluate the Town’s level of debt. The Town Council adopted the following limits to guide the issuance of debt and they are compared to the FYE 2011 data.

	<u>Adopted Policy</u>	<u>FYE 2011</u>
Comparison to State’s Statutory Debt Limit	not to exceed 50%	10.7%
Net Direct Indebtedness to assessed value	not to exceed 5%	1.7%
Debt Service as compared to Expenditures	not to exceed 10%	4.4%

Awards and Acknowledgements:

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Town of Groton for its comprehensive annual financial report (CAFR) for the fiscal year ended June 30, 2010. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized comprehensive annual financial report whose contents conform to program standards. The CAFR must satisfy both generally accepted accounting principles and applicable legal requirements.

The Certificate of Achievement is valid for a period of one year only and is the highest form of recognition in the area of governmental accounting and financial reporting, and its attainment represents a significant accomplishment for a government unit and its management. The Town of Groton has received a Certificate of Achievement for seventeen (17) consecutive years (FYE 1994 through FYE 2010). We believe that this report continues to conform to the Certificate of Achievement program requirement and we are submitting it to GFOA to determine its eligibility for another certification.

Also, for the eighteenth (18) consecutive year, the GFOA presented an Award for Distinguished Budget Presentation to the Town of Groton for its annual budget, the FYE 2012 Adopted Budget. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communication device. The Award is the highest form of recognition in governmental budgeting.

A special thanks to the Town Manager, Department Directors and Division Supervisors for their assistance and contributions to this Comprehensive Annual Financial Report (CAFR). I especially commend the members of the Finance Department, particularly, for their responsible competence and diligence in the continuation of the progressive financial activities of the Town. The preparation of this CAFR on a timely basis was made possible by the efficient and dedicated service of Cindy R. Landry, Treasurer/Accounting Manager.

Appreciation is also expressed to the Mayor, Town Council, Representative Town Meeting and all town employees for their cooperation and assistance throughout the year in matters pertaining to the financial affairs of the Town.

Respectfully submitted,

Salvatore M. Pandolfo
Finance Director

Certificate of Achievement for Excellence in Financial Reporting

Presented to

Town of Groton Connecticut

For its Comprehensive Annual
Financial Report
for the Fiscal Year Ended
June 30, 2010

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

Independent Auditors' Report

To the Members of the Town Council
Town of Groton, Connecticut

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Town of Groton, Connecticut, as of and for the year ended June 30, 2011, which collectively comprise the Town of Groton, Connecticut's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Town's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Town's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of the Town of Groton, Connecticut, as of June 30, 2011 and the respective changes in financial position and cash flows, where applicable, thereof, in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 28, 2011 on our consideration of the Town of Groton, Connecticut's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Management's discussion and analysis on pages 3 through 15, and the budgetary comparison information on pages 62 through 66, are not required parts of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Groton, Connecticut's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements and schedules, and statistical tables are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements and schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section and statistical tables have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and, accordingly, we express no opinion on them.

Blum, Shapiro & Company, P.C.

November 28, 2011

Introduction:

Management's Discussion and Analysis provides a narrative discussion of the Town's financial activities as a whole for the year ended June 30, 2011 with comparisons to the prior year, where appropriate. The information complements the data presented in the basic financial statements. Its purpose, along with the material in the Letter of Transmittal, is to enhance the reader's understanding of the Town's financial performance. All amounts, unless otherwise indicated, are expressed in thousands of dollars.

Financial Highlights:

- The Governmental Accounting Standards Board issued Statement No. 54, "Fund Balance Reporting and Governmental Fund Type Definitions" which the Town implemented this fiscal year. The Statement has two components, one addressing special revenue funds and the other component enhancing the usefulness of fund balance information. In order for a fund to be considered a special revenue fund, its revenue source needs to constitute a substantial portion of the resources of that fund. The fund balance component is meant to provide clearer fund balance classifications that can be more consistently applied.
- The assets of the Town of Groton exceeded its liabilities at the close of the most recent fiscal year by \$192,168 (net assets). Of this amount, \$40,303 (unrestricted net assets) may be used to meet the government's ongoing obligations to citizens and creditors.
- The government's total net assets increased by \$8,607. This increase is mainly attributable to revenues exceeding expenses.
- As of the close of the current fiscal year, the Town of Groton's governmental funds reported combined ending fund balances of \$30,642.
- For the fiscal year ended June 30, 2011, the unassigned fund balance for the General Fund was \$10,161 or 8.7% of total General Fund expenditures on a budgetary basis. The Town Council has an adopted policy for the maintenance of a minimum undesignated fund balance equal to at least 7.5% of the annual budget.
- The Town of Groton's total debt decreased by \$4,599 (6.4%) during the current fiscal year. This was mainly due to decreases (\$3,810) in the principal amounts due on bonds for general government obligation debt and decreases (\$959) in the loan payment due to the State's Clean Water Fund. That was offset by an increase in the amount of bond anticipation notes for general obligation debt which was increased (\$170) over the previous year.

Overview of the Financial Statements:

This discussion and analysis are intended to serve as an introduction to the Town of Groton's basic financial statements. The Town of Groton's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information and a statistical section. The statistical section provides comparisons of selected information beginning with FYE 2002 through the current audited fiscal year.

Government-Wide Financial Statements. The government-wide financial statements are designed to provide readers with a broad overview of the Town of Groton's finances, in a manner similar to a private-sector business. All of the resources the Town has at its disposal are shown,

including major assets such as buildings and infrastructure. A thorough accounting of the cost of government is rendered because the statements present all costs, not just how much was collected and disbursed. They provide both long-term and short-term information about the Town's overall financial status.

The statement of net assets presents information on all of the Town's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the Town of Groton is improving or deteriorating.

The statement of activities presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods. Uncollected taxes and earned but unused vacation leave are examples of these types of items.

The governmental activities of the Town of Groton include education, general government services, public safety, public works, planning and development, human services and community services. Property taxes, charges for services and state and federal grants finance most of these activities. Although the Town maintains no business-type activities, the Town does maintain three internal service funds that consist of the Fleet Reserve Fund, Health Insurance Fund and the Workers' Compensation Fund.

The government-wide financial statements (statement of net assets and statement of activities) can be found on Exhibits I and II.

Fund Financial Statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Town of Groton, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Town can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental Funds: Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financial decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Town of Groton maintains twenty-six individual non-major governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the

General Fund, the Capital Improvements Fund and the School Construction Fund which are considered to be major funds. Twenty special revenue funds, two Capital Project Funds, a Debt Service Fund and three Permanent Funds are combined into aggregate funds in this presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The Town of Groton adopted an annual appropriated budget for its General Fund and, in addition, budgetary comparisons have been provided for the following nonmajor governmental funds: Special Library, Golf Course, Sewer Operating, Solid Waste, Mumford Cove District, Revaluation, Computer Replacement and the Groton Sewer District.

The basic governmental fund financial statements (balance sheet and statement of revenues, expenditures and changes in fund balance) can be found on Exhibits III and IV.

Proprietary Funds. The Town of Groton maintains three proprietary funds. Internal service funds are an accounting device used to accumulate and allocate costs internally among the Town of Groton's various functions. The Town of Groton uses internal service funds to account for its fleet of vehicles, health insurance and workers' compensation. Because these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements elsewhere in this report.

The basic proprietary fund financial statements can be found on Exhibits V through VII.

Fiduciary Funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support services to the Town's constituency. The Town has four private purpose funds, one pension trust fund, one OPEB trust fund and two agency funds. The accounting used for fiduciary funds is much like that used for proprietary funds. The basic fiduciary fund financial statements can be found on Exhibits VIII and IX.

Notes to the Financial Statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. Included in the notes is the information concerning the Town of Groton's funding its obligation to provide pension benefits to its employees. The Notes to the Financial Statements can be found on pages 27-61 of this report.

Other Information. Required supplemental information for the General Fund is provided immediately following the Notes to the Financial Statements. The combining statements referred to earlier in connection with nonmajor governmental funds and internal service funds are presented following the notes to the financial statements. Combining and individual fund statements and schedules can be found beginning on page 67 of this report.

Government-Wide Financial Analysis:

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position and an important determinant of its ability to finance services in the future. Town of Groton governmental activity assets exceeded liabilities by \$192,168 on June 30, 2011.

**Town of Groton
Net Assets (\$000's)**

	Governmental Activities	
	<u>2011</u>	<u>2010</u>
Current assets	\$ 60,483	\$ 57,404
Capital assets, net of accumulated depreciation	<u>218,270</u>	<u>218,395</u>
Total assets	<u>278,753</u>	<u>275,799</u>
Long-term liabilities outstanding	72,307	78,419
Other liabilities	<u>14,278</u>	<u>13,819</u>
Total liabilities	<u>86,585</u>	<u>92,238</u>
Net Assets:		
Invested in capital assets, net of related debt	151,539	147,045
Restricted	326	329
Unrestricted	<u>40,303</u>	<u>36,187</u>
Total Net Assets	<u>\$ 192,168</u>	<u>\$ 183,561</u>

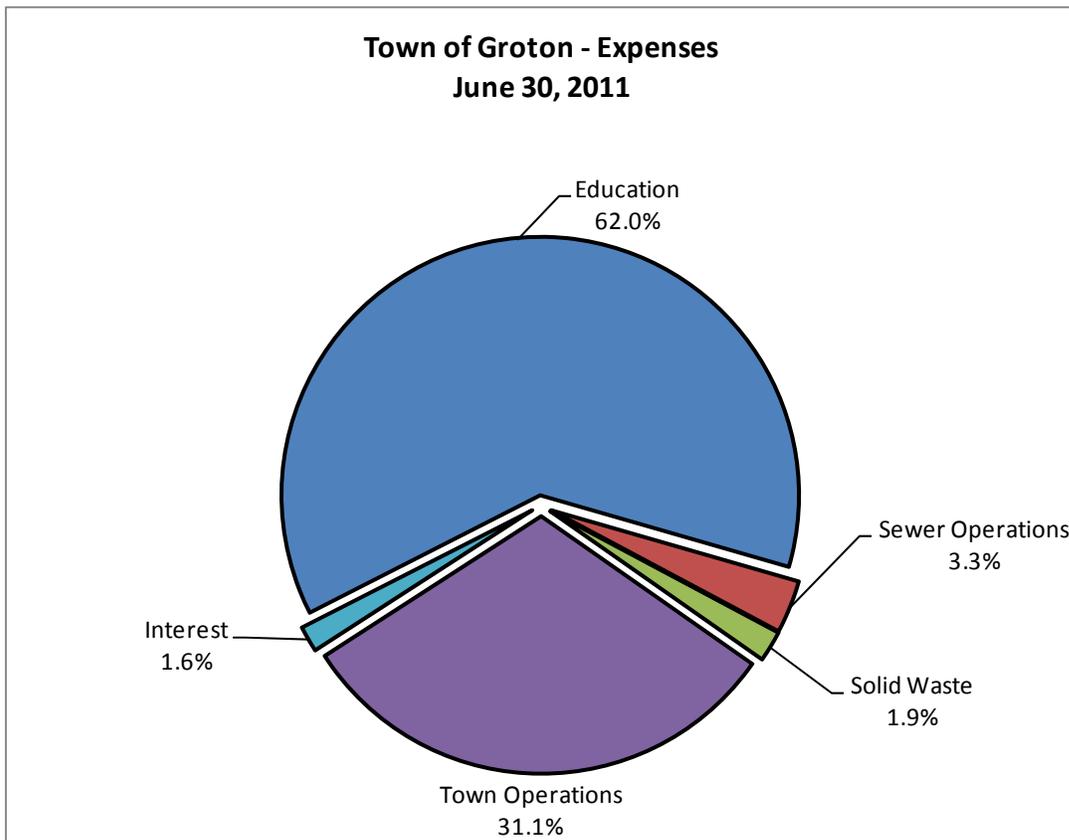

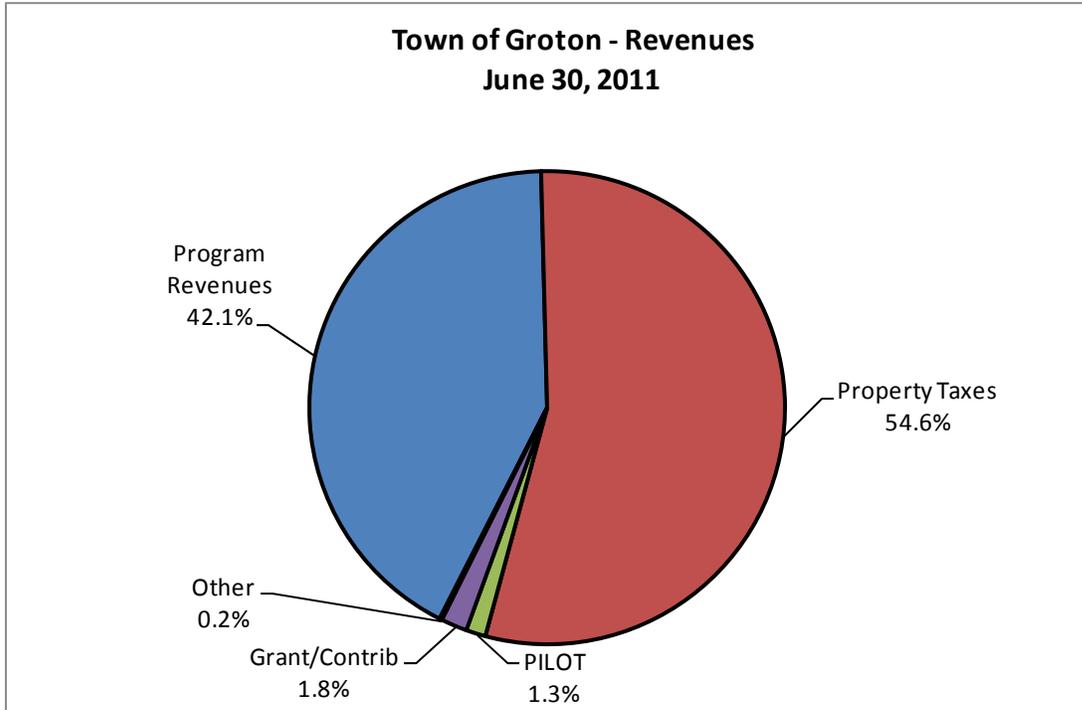

By far the largest portion of the Town of Groton's net assets (78.9%) reflects its investment in capital assets (e.g., land, buildings, machinery and equipment), less any related debt used to acquire those assets that is still outstanding. The Town of Groton uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the Town of Groton's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. The remaining balance of unrestricted net assets (\$40,303) may be used to meet the government's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the Town of Groton is able to report positive balances in all three categories of net assets, both for the government as a whole, as well as for its separate governmental and proprietary activities. The current year increases in investment in capital assets reflects the completion of sewers in Fort Hill Homes area, purchase of equipment at the Water Pollution Control Facility, acceptance of roads in various subdivisions and road resurfacing.

Governmental Activities. Approximately 54.6% of the revenues were derived from property taxes, followed by 34.5% from grants and contributions, then 9.4% from other program revenues, 1.3% from payments in lieu of taxes and finally less than 1% of the Town's revenue in this fiscal year was derived from investment earnings.

**Town of Groton
Change in Net Assets (\$000's)**

	Governmental Activities	
	2011	2010
Revenues:		
Program revenues:		
Charges for services	\$ 13,605	\$ 13,395
Operating grants and contributions	43,753	42,740
Capital grants and contributions	3,763	2,758
General revenues:		
Property taxes	79,310	75,990
Payments in lieu of taxes	1,946	3,291
Grants and contributions (not restricted)	2,596	2,252
Other unrestricted investment earnings	242	281
Total revenues	145,215	140,707
Expenses:		
General government/services	7,954	8,002
Public safety	11,271	11,562
Public works	11,857	13,719
Planning and development	1,576	1,782
Human service	2,861	2,603
Community services	7,032	7,202
Board of Education	84,645	86,698
Sewer operations	4,550	4,458
Solid waste	2,636	2,370
Interest on long-term debt	2,226	1,821
Total expenses	136,608	140,217
Increase in Net Assets	8,607	490
Net Assets July 1	183,561	183,071
Net Assets June 30	\$ 192,168	\$ 183,561

Major revenue factors included:

- ◆ Total revenues were \$4,508 higher in 2011 when compared to 2010 or an increase of 3.2%.
- ◆ Operating Grants were more in 2011 as the Town recognized more in State and Federal grants, mainly for Education.
- ◆ Property tax revenues recorded for fiscal year 2011 increased mainly due to a 2.6% increase in the tax rate. The Town's tax rate increased from 17.95 mills to 18.42 mills.
- ◆ Investment earnings decreased by \$39 from the prior fiscal year to \$242 for the fiscal year ended June 30, 2011. The reduction to interest and dividend earnings was the result of lower interest rates on investments and less funds available for investment purposes.

For Governmental Activities, 62% of the Town's expenses relate to education, 8.7% relate to public works, 8.3% relate to public safety, 5.8% to general government/services, 5.1% to community services and the remainder relates to planning & development, human services, sewer operations, solid waste, human services and interest on long term debt.

Major expense factors include:

- ◆ Total expenses were \$3,609 lower in 2011 when compared to 2010 or a decrease of 2.6%.
- ◆ Town Operations expenses were \$2,319 lower in 2011 when compared to 2010 or a decrease of 5.2%.
- ◆ Education expenses were \$2,053 lower in 2011 when compared to 2010 or a decrease of 2.4%
- ◆ Increases in Sewer Operations, Solid Waste and Interest on Long Term Debt accounted for an increase of \$763 in expenses over 2010 or an increase of 8.8%.

Business-Type Activities. The Town does not maintain any business-type activities at the present time.

Financial Analysis of the Government's Funds:

As noted earlier, the Town of Groton uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of the Town of Groton's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources. Such information is useful in assessing the Town of Groton's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the Town of Groton's governmental funds reported combined ending fund balances of \$30,642, a decrease of \$121 in comparison with the prior year. Of this amount, \$8,552 constitutes unassigned fund balance. The remainder of fund balance is assigned to indicate that it is not available for new spending because it has already been committed 1) to liquidate contracts and purchase orders of the prior period, 2) restricted by bond ordinances, 3) for holding of trust principal, or 4) constrained for a specific purpose.

General Fund. The General Fund is the chief operating fund of the Town. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$10,161, which is included in the total fund balance of \$13,190. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 8.7% of total general fund expenditures, while total fund balance represents 11.3% of that same amount.

The total fund balance of the Town of Groton's General Fund increased by \$1,289 during the current fiscal year. The unassigned fund balance increased by \$1,331. Key factors in the total fund balance increase of \$1,289 are as follows:

- ◆ Revenues were \$1,052 more than budgeted mainly due to increases in General Property Taxes that were associated with adjustments made on account of the State's Manufacturing, Machinery and Equipment exemption program.
- ◆ Expenditures were under budget by \$923 due to unspent funds in Town Operations, the Board of Education and Contingency.
- ◆ Since revenues came in over budget and expenses came in under budget, there was no need to use the \$932 that was assigned fund balance to be used to fund FYE 2011 expenditures.
- ◆ The reserve for encumbrances was reduced by \$664.
- ◆ With the implementation of GASB Statement #54, two special revenue funds were determined to be no longer standalone funds and their assigned fund balances are now recorded as assigned fund balances in the General Fund.
- ◆ The amount designated for the subsequent year budget was reduced by \$66.

Capital Improvements Fund. This fund has a total fund balance of \$6,729, up from \$4,911 in the prior year. The increase is mainly explained by the reduction in Due to Other Funds.

School Construction Fund. This fund has a total fund balance deficit of \$1,608 which is a decrease from the prior year deficit of \$2,786. The decrease in the fund balance deficit is attributed to an increase in the receipt of State grant reimbursements and a reduction in Bond Anticipation Notes.

Proprietary Funds. The Town of Groton's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net assets amounted to \$1,256 for the Fleet Reserve Fund, \$7,716 for the Health Insurance Fund and a deficit of \$397 for the Workers' Compensation Fund that includes the liability for heart and hypertension claims. The total increase in net assets for the internal service funds was \$2,482 mainly due an increase in the Health Insurance Fund.

General Fund Budgetary Highlights:

There is a difference between the original budget and the final budget due to the supplemental appropriation of \$73 made for transferring the Board of Education's education technology funds from the Capital Reserve Fund to the General Fund. Transfers of \$238 occurred from the Contingency function to other functions within the General Fund.

During the year, actual revenues and other financing sources on a budgetary basis were \$117,955 which was over the adopted budget by \$1,092. The majority of this increase can be attributed to general property taxes.

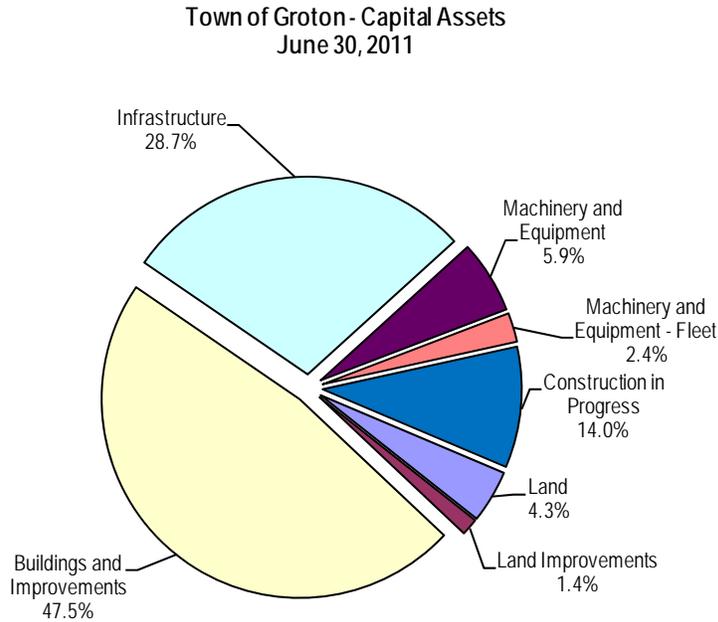

Actual expenditures on a budgetary basis and other financing uses totaled \$116,946; with actual revenues totaling \$117,995, revenues exceeded expenditures on a budgetary basis by \$1,009. The fiscal year 2010 audit had a designation of fund balance in the amount of \$932 to support FYE 2011 but it was not needed. Actual expenditures were under budget by \$922 with the town operations returning about \$682, the Board of Education returning \$128 and \$112 was left unspent in the Contingency function.

Capital Asset and Debt Administration:

Capital Assets. The Town of Groton's investment in capital assets for its governmental activities as of June 30, 2011 amounts to \$323. This investment in capital assets includes land, buildings and improvements, machinery and equipment, park facilities, roads, highways and bridges. The total increase in the Town of Groton's investment in capital assets for the current fiscal year was 2.1% mainly which reflects the completion of sewers in Fort Hill Homes area, purchase of equipment at the Water Pollution Control Facility, acceptance of roads in various subdivisions and road resurfacing.

**Town of Groton, Connecticut
Capital Assets (\$000's)**

	Governmental Activities	
	2011	2010
Land	\$ 13,836	\$ 13,836
Land improvements	4,453	3,452
Buildings and improvements	153,492	152,959
Infrastructure	92,656	83,560
Machinery and equipment	19,153	15,943
Machinery and equipment - fleet	7,647	7,347
Construction in progress	31,789	39,252
Total	\$ 323,026	\$ 316,349

Major capital asset expenditures during the current fiscal year included the following:

- Regarding bonded projects including Clean Water fund grant and loan, the following amounts were expended:
 - School Construction: \$65,
 - Senior Center Additions and Renovations: \$201,
 - Fort Hill Homes Sewer Rehabilitation Project: \$27.

- Regarding the use of the State's Local Capital Improvement Project funds, the following major amounts (over \$50) were expended:
 - Golf Course Clubhouse Renovations: \$177.

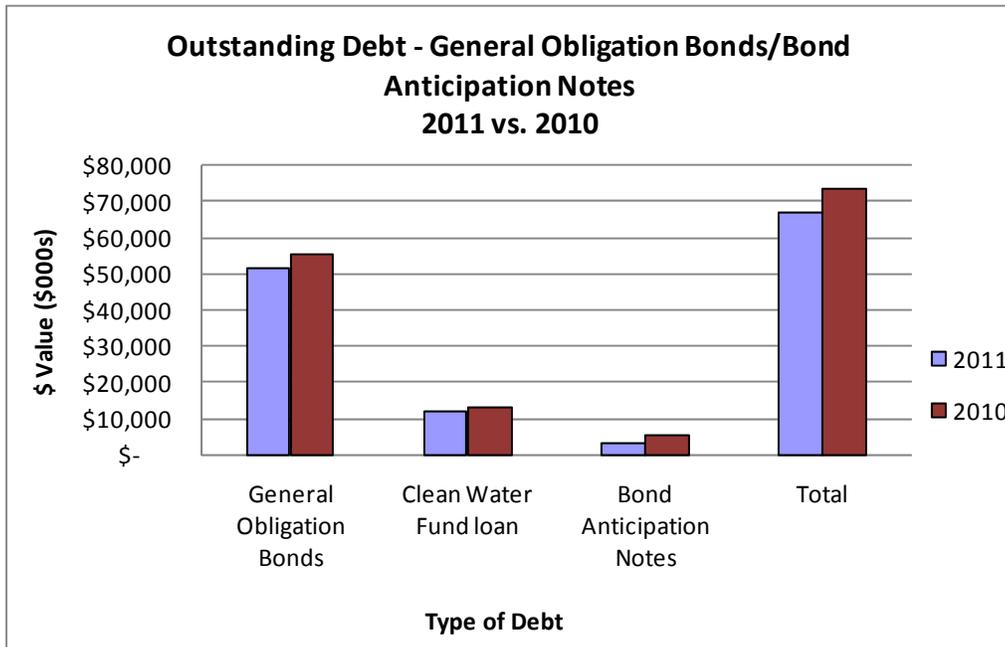

- Regarding the use of local capital funds, the following major amounts (over \$50) were expended:
 - BOE Charles Barnum Elementary School Parking Lot Improvements: \$324
 - Bridge Construction - Groton Long Point: \$60
 - Computer Assisted Dispatch/Records Management System: \$242
 - Education Technology (transfer out): \$73,000
 - Judson Avenue Drainage: \$50
 - Kolnaski Elementary School: \$142
 - Mystic Streetscapes Project: \$606
 - Pavement Management Program: \$141
 - Police Station Improvements: \$79
 - Roads-River Road: \$83
 - Security - All Schools: \$55
 - Water Pollution Control Facility (WPCF) (Clean Water Fund Transfer): \$1,595
 - Water Pollution Control Facility; Additions and Improvements: \$122
 - WPCF Mechanical/Electrical Equipment Repairs: \$134

Additional information on the Town of Groton's capital assets can be found in Note 3D on pages 43-44 of this report.

Outstanding Debt. At the end of the current fiscal year, the Town of Groton had total debt outstanding of \$66,705. Of this amount, \$60,815 comprises debt backed by the full faith and credit of the government and \$5,890 is special assessment/fee debt for which the government is liable in the event of default by the property owners subject to the assessment.

**Town of Groton, Connecticut
Outstanding Debt (\$000's)
General Obligation Bonds/Bond Anticipation Notes**

	Governmental Activities	
	2011	2010
General obligation bonds	\$ 51,590	\$ 55,400
Clean Water Fund loan	11,905	12,864
Bond anticipation notes and notes payable	3,210	3,040
Total	\$ 66,705	\$ 71,304

The Town of Groton's general obligation bonds have decreased \$3,810. The total debt including bond anticipation notes decreased \$4,599 or 6.4% during the current fiscal year mainly due to no new bonds issued, bonds being paid down and the Clean Water fund principle being reduced due to loan payments made to the State.

For FYE 2011, the Town of Groton's bond rating was maintained at an "AA" rating with Fitch Ratings and Standard and Poors and at an "Aa2" rating with Moody's Investors Service.

The overall statutory debt limit for the Town of Groton is equal to seven times annual receipts from taxation or \$643,465. As of June 30, 2011, the Town recorded total indebtedness of \$68,618 related to Governmental Activities, well below its statutory debt limits.

Additional information on the Town of Groton's long-term debt can be found in Note 3H-I on pages 48-50 of this report.

Economic Factors and Next Year's Budgets and Rates:

- As of June 2011, the Town had an unemployment rate of 9.3% as compared to the New London County rate of 9.0%, the state's average rate of 9.1% and the national average of 9.5%.
- New London County has an employed labor force of approximately 139,510 residents.
- Inflationary trends in the region compare similarly to national indices.

Grand List decreases by 0.1%:

The October 1, 2010 net adjusted taxable Grand List fell 0.1% from last year's after the Board of Assessment Appeals. The net adjusted grand list now totals \$4.1 billion. The combined assessments of the top 10 taxpayers, which fell for the second year in a row, this year some \$13 million to about \$880 million, now comprise about 21 percent of the town's net grand list.

Net **real estate** rose about 0.4%, from about \$3.601 billion to about \$3.617 billion. Penalty assessments, which this year contribute about \$10.3 million to the net grand list and are up substantially from last year's \$4.8 million, account for more than one third of the increase. These penalties, equal to 10 percent of their corresponding base assessments, were imposed on 97 properties where the owners of rental real estate failed to file an income and expense statement prior to June 1, 2010. Last year, these penalties were imposed on 102 parcels.

Net residential real estate assessments rose about 0.7 percent, from about \$2.35 billion to over \$2.37 billion. With the continuing contraction of the personal property portion of the grand list, the residential real estate's share of the entire net grand list again rose - this time slightly - from 57.3 percent of the 2009 Grand List to 57.8 percent of the 2010 Grand List. Net commercial real estate dropped slightly this year, falling 0.8 percent to about \$434 million. Commercial real estate assessments fell due to a number of court judgments settling lawsuits dating back to the 2006 revaluation. Industrial property, including Pfizer and EB, remained flat at about \$611 million. Apartments of five units rose 3.1 percent due to the imposition of income and expense penalties.

Thirty-three single-family homes were started for the October 1, 2010 Grand List.

The net **personal property** grand list fell 8.2 percent, from about \$331 million to about \$303 million, mostly due to continuing retraction at Pfizer, although depreciation and a lack of offsetting new purchases contributed to the decline. Personal property exemptions increased in 2010, rising 10.6 percent to about \$147 million. The town is eligible for state reimbursement of the taxes lost on the bulk of the exemptions applied to personal property assessments. There were 75 fewer businesses listed this year, with 2,140 accounts on the grand list. Also there were 183 new accounts added and 258 inactive accounts were removed.

Both the number of personal property assessment penalties and the assessed value of the penalties fell substantially this year. Owners of business personal property are required to declare the value of their holdings annually. Non-filers and late filers are subject to a 25 percent mandatory assessment penalty. The number of penalized accounts fell from 807 to 754, and the assessed value of the penalties fell almost 26 percent, to about \$4.6 million.

The assessments of the top ten personal property taxpayers now comprise 68.9 percent of the personal property portion of the net grand list.

The **motor vehicles** portion of the grand list, adjusted for military exemptions, rose 3.4 percent this year, rising from \$171,487,204 in 2009 to \$177,292,052. The assessed value of motor vehicles rose despite the fact that there were 159 fewer motor vehicles registered in town in 2010.

Subsequent to the signing of the 2010 Grand List minor adjustments were made by the Board of Assessment Appeals. These adjustments further reduced the Grand List from -0.1% to -0.2%.

Other Information:

During the fiscal year ended June 30, 2011, the Town of Groton's General Fund received 31.0% of its total revenues from intergovernmental sources, i.e., the State of Connecticut and the Federal Government. With the completion of operations, the General Fund's unassigned fund balance for FYE 2011 is at 8.7% of operating expenses which is above the minimum acceptable guideline set by the Town Council. With an overwhelming reliance on property taxes, 65.6% of the General Fund revenues are derived from property taxes, any reduction in other revenues would necessitate either a use of a portion of the fund balance, a property tax increase or a reduction in services in subsequent fiscal years or some combination of all three.

During the current fiscal year, unassigned fund balance in the General Fund increased to \$10,161. The Town Council has assigned \$866 of the total fund balance to fund the 2012 fiscal year budget.

Requests for Information:

This financial report is designed to provide a general overview of the Town of Groton's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Finance Director, Groton Town Hall, 45 Fort Hill Road, Groton, CT 06340.

TOWN OF GROTON, CONNECTICUT

BALANCE SHEET - GOVERNMENTAL FUNDS (CONTINUED)

JUNE 30, 2011

Reconciliation of the Balance Sheet - Governmental Funds to the Statement of Net Assets:
Amounts reported for governmental activities in the statement of net assets (Exhibit I) are
different because of the following:

Fund balances - total governmental funds (Exhibit III)		\$	30,642,397
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds:			
Governmental capital assets	115,109,586		
Less accumulated depreciation	<u>100,134,670</u>		
Net capital assets			215,244,256
Other long-term assets are not available to pay for current-period expenditures and, therefore, are not recorded in the funds:			
Net pension asset			1,024,337
Property taxes and assessments receivable greater than 60 days			2,302,704
Loan receivables greater than 60 days			370,678
Interest receivable on property taxes			584,276
Receivable from the state for school construction projects			54,689
Internal service funds are used by management to charge the costs of fleet management, health benefits and workers compensation to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net assets.			
			11,601,342
Long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the funds:			
Bonds payable			(51,590,000)
Clean water fund loan payable			(11,904,830)
Interest payable on bonds			(534,881)
Capital lease obligations			(25,832)
Compensated absences			(2,054,061)
Net OPEB obligation			(757,195)
Landfill closure costs			<u>(2,789,800)</u>
Net Assets of Governmental Activities (Exhibit I)		\$	<u><u>192,168,080</u></u>

TOWN OF GROTON, CONNECTICUT

STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES -
GOVERNMENTAL FUNDS (CONTINUED)

FOR THE YEAR ENDED JUNE 30, 2011

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund

Balances of Governmental Funds to the Statement of Activities:

Amounts reported for governmental activities in the statement of activities (Exhibit II) are different because of the following:

Net change in fund balances - total governmental funds (Exhibit IV)	\$ (120,712)
---	--------------

Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Capital outlay	4,683,978
Depreciation expense	(6,543,335)
Loss on disposal of capital assets	(268)
Donated capital assets	1,922,365

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

Property taxes and assessments collected after 60 days	191,512
Interest income on property taxes	(12,592)
Intergovernmental revenue on school bonds	(55,853)
Revenue on loan receivables greater than 60 days	204,953

Change in pension asset	(2,296)
-------------------------	---------

The issuance of long-term debt (e.g., bonds) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt.

Accrued interest on bonds	41,163
Principal payments on bonds	3,810,000
Principal payments on Clean Water Fund loan payable	959,581
Principal payments on capital leases	19,225
Landfill closure payments	168,200
Change in other post employment benefit liability	(70,167)

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Change in compensated absences	929,620
--------------------------------	---------

The net expense of certain activities of internal service funds is reported in governmental activities	<u>2,481,586</u>
--	------------------

Change in Net Assets of Governmental Activities (Exhibit II)	<u>\$ 8,606,960</u>
--	---------------------

The accompanying notes are an integral part of the financial statements

TOWN OF GROTON, CONNECTICUT

NOTES TO FINANCIAL STATEMENTS, CONTINUED

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Town of Groton, Connecticut (the Town) was incorporated in 1705. The Town operates under a Council/Representative Town Meeting/Manager form of government and provides the following services as authorized by its Charter: public safety, public works, planning and development, human services, community services, education, sewer and solid waste disposal, and general governmental services. The accompanying financial statements conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governments. The following is a summary of the more significant accounting policies used by the Town.

Accounting principles generally accepted in the United States of America require that the reporting entity include 1) the primary government, 2) organizations for which the primary government is financially accountable and 3) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. These criteria have been considered, and there are no agencies or entities that should be presented with the Town.

B. Basis of Presentation

The financial statements of the Town have been prepared in conformity with GAAP as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Town's accounting policies are described below.

Government-Wide and Fund Financial Statements

The government-wide financial statements (the statement of net assets and the statement of activities) report information on all of the nonfiduciary activities of the Town. For the most part, the effect of interfund activity has been removed from these statements, the exception being interfund services provided and used. These services are not eliminated in the process of consolidation.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Indirect expenses were also classified to the appropriate functions. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

TOWN OF GROTON, CONNECTICUT

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Agency funds use the accrual basis of accounting but have no measurement focus since they report only assets and liabilities.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Town considers revenues to be available if they are collected within 60 days of the end of the current fiscal period.

Property taxes, when levied for, licenses and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. In determining when to recognize intergovernmental revenues (grants and entitlements), the legal and contractual requirements of the individual programs are used as guidance. Revenues are recognized when the eligibility requirements have been met. All other revenue items are considered to be measurable and available only when cash is received by the Town, or specifically identified.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

The Town reports the following major governmental funds.

The *General Fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Capital Improvements Fund* accounts for individual capital project authorizations. The major sources of revenue for this fund are State and Federal grants and bond proceeds.

TOWN OF GROTON, CONNECTICUT

NOTES TO FINANCIAL STATEMENTS, CONTINUED

The *School Construction Fund* accounts for projects associated with construction, renovations and additions for Groton school facilities that have been authorized by voter referendum. The major sources of revenue for this fund are State and Federal grants and bond proceeds.

Additionally, the Town reports the following fund types:

Internal Service Funds are used to account for employee health insurance, workers' compensation insurance and for the use and replacement of motor vehicles provided to other departments of the Town.

Private Purpose Trust Funds are used to account for resources legally held in trust for scholarships, low income residents and youth and family services.

The *Pension Trust Fund* is used to account for the accumulation of resources to be used for retirement benefits.

The *OPEB Trust Fund* is used to account for the accumulation of resources to be used for other post-employment benefits.

Agency Funds account for monies held as a custodian for student groups and contractors/developers.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services in connection with a proprietary fund's principal on-going operations. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed. Unrestricted resources are used in the following order: committed, assigned then unassigned.

C. Cash and Cash Equivalents

The Town's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

D. Investments

Investments are recorded at fair value based on quoted market prices.

TOWN OF GROTON, CONNECTICUT

NOTES TO FINANCIAL STATEMENTS, CONTINUED

E. Capital Assets

Capital assets, which include property, plant, equipment and infrastructure assets (e.g., roads, bridges, sidewalks and similar items), are reported in the governmental column in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$10,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of an asset are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant and equipment of the Town is depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	40-50
Building improvements	20
Distribution and collection systems	50-100
Public domain infrastructure	50
System infrastructure	30
Land improvements	20
Machinery and equipment	5-20

In the governmental fund financial statements, capital outlay (assets) are reported as expenditures and no depreciation is recorded.

F. Compensated Absences

Employees are paid by a prescribed formula for absences due to vacation or sickness. The obligation for vacation pay vests when earned. Unused sick leave may be accumulated for future absences in accordance with employee contracts and employment policies and vests according to such contracts and policies. Sick leave and vacation leave expenditures are recognized in the governmental fund financial statements in the current year only if they have matured, for example, as a result of employee resignations and retirements.

Vacation and sick leave expenses to be paid in future periods are accrued when earned in the government-wide and proprietary fund financial statements.

TOWN OF GROTON, CONNECTICUT

NOTES TO FINANCIAL STATEMENTS, CONTINUED

A summary of the provisions in certain union contracts is as follows:

<u>UNION</u>	<u>SICK PAY</u>	<u>VACATION</u>
Nonunion Employees	<p>15 days per year. Accumulated up to 250 days.</p> <p>Accrued sick leave in excess of 250 days on June 30 is paid out annually in the ratio of 3 days to 1.</p> <p>Payment upon retirement shall be subject to retirement withholdings and included in average annual pay for purposes of calculation of retirement benefits; If employee has a minimum of 100 days accumulated - all accumulated sick leave shall be paid at the rate of 4 sick days equal to 1 day's pay at rate of pay at time of retirement.</p> <p>Employees not participating in the Town of Groton retirement plan providing they have a minimum of 100 days accumulated - accumulated sick leave paid at the rate of 2 sick days equal to 1 day's pay at rate of pay at time of retirement.</p>	<p>< 10 years = 15 days 10 - 15 years = 18 days > 15 years = 24 days</p> <p>2 additional days are accrued every July 1st.</p> <p>Employees may carry over leave balances up to twice the number of days accrued the previous year.</p> <p>Each June 30th, employees with balances exceeding two years of accruals may convert up to 11 days of excess leave to cash provided they have taken a minimum of 15 days during the fiscal year.</p>
Nonunion Police Officers	<p>Officers retiring with a minimum of 100 accumulated hours are eligible for payment of accumulated sick days up to a maximum of 225 days under either of the following options:</p> <p>a. At the rate of 3/8 of accumulated sick leave with payment subject to retirement withholding and included in average annual pay for the purpose of calculating retirement benefits.</p> <p>OR</p> <p>b. At the rate of 3/4 of accumulated sick leave with said payment not subject to retirement withholding and not included in average annual pay for the purpose of calculating retirement benefits.</p>	<p>Upon retirement, officers receive full credit for any accumulated annual leave or paid holidays.</p>

G. Long-Term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities or proprietary fund type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

TOWN OF GROTON, CONNECTICUT

NOTES TO FINANCIAL STATEMENTS, CONTINUED

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

H. Pension Accounting

Pension Trust Fund

The Pension Trust Fund is reported on the accrual basis of accounting. Employee contributions are recognized in the period in which the contributions are due. Employer contributions to the plan are recognized when due and the Town has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of each plan. Administrative costs are financed through investment earnings.

Governmental Funds

The net pension obligation (asset), the cumulative difference between annual pension cost and the Town's contributions to the plan since 1986, is calculated on an actuarial basis consistent with the requirements of Governmental Accounting Standards Board Statement No. 27. Expenditures are recognized when they are paid or are expected to be paid with current available resources. The net pension asset is recorded in the government-wide financial statements. In prior years, the General Fund has been used to liquidate the net pension obligation.

Funding Policy

The Town funds the contributions to its pension plan based on the actuarially required calculation.

I. Other Post Employment Benefits (OPEB) Accounting

OPEB Trust Fund

The OPEB Trust Fund is reported on the accrual basis of accounting. Employee contributions are recognized in the period in which the contributions are due. Employer contributions to the plan are recognized when due, and the Town has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of each plan. Administrative costs are financed through investment earnings.

Governmental Funds

The net OPEB obligation (asset), the cumulative difference between annual OPEB cost and the Town's contributions to the plan since 2008, is calculated on an actuarial basis consistent with the requirements of Governmental Accounting Standards Board Statement No. 45. Expenditures are recognized when they are paid or are expected to be paid with current available resources.

TOWN OF GROTON, CONNECTICUT

NOTES TO FINANCIAL STATEMENTS, CONTINUED

The net OPEB asset is recorded in the government-wide financial statements. In prior years, the General Fund has been used to liquidate the net OPEB obligation.

Funding Policy

The Town funds the contributions to its OPEB plan based on the actuarially required calculation.

J. Encumbrances

Encumbrances represent commitments related to unperformed contracts for goods or services. Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve that portion of the applicable appropriation, is utilized in the governmental funds. Encumbrances outstanding at year-end are reported as committed or assigned fund balance depending on the nature of the restriction for GAAP purposes and report as expenditures for budgetary purposes as they do not constitute expenditures or liabilities.

K. Fund Equity and Net Assets

In the government-wide financial statements, net assets are classified in the following categories:

Invested in Capital Assets, Net of Related Debt - This category includes all capital assets, including infrastructure, less accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construction or improvement of these assets.

Restricted Net Assets - This category includes net assets with restrictions externally imposed by creditors (such as through debt covenants), grantors, contributors or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation.

Unrestricted Net Assets - This category represents the net assets of the Town which are not restricted for any project or other purpose by third parties.

In the fund financial statements, fund balances of governmental funds are classified in the following categories:

Nonspendable Fund Balance - This represents amounts that cannot be spent due to form (e.g., inventories, prepaid amounts and amounts required to be retained in perpetuity).

Restricted Fund Balance - This represents amounts constrained for a specific purpose by external parties, such as grantors, creditors, contributors or laws and regulations of their governments.

Committed Fund Balance - This represents amounts constrained for a specific purpose by a government using its highest level of decision-making authority (Town of Groton Town Council).

TOWN OF GROTON, CONNECTICUT

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Assigned Fund Balance - For all governmental funds other than the General Fund, this represents any remaining positive amounts not classified as restricted or committed. For the General Fund, this includes amounts constrained for the intent to be used for a specific purpose by Executive Management or the Town Council which have been delegated authority to assign amounts by the Town Charter.

Unassigned Fund Balance - This represents fund balance in the General Fund in excess of nonspendable, restricted, committed and assigned fund balance. If another governmental fund has a fund balance deficit, it is reported as a negative amount in unassigned fund balance.

L. Property Taxes

Property taxes are assessed as of October 1, levied on the following July 1, and billed and due in two installments, July 1 and January 1. Taxes less than \$50 are due in full on July 1. Motor vehicle taxes are due in one installment on July 1, and supplemental motor vehicles taxes are due in full January 1. Taxes become delinquent thirty days after the installment is due. Liens are filed by the last day of the fiscal year.

M. Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenses and expenditures during the reporting period. Actual results could differ from those estimates.

2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. Budgetary Information

The Town uses the following procedures in establishing the budgetary data included in the financial statements. Not later than March 15th, the Town Manager submits proposed budgets for the General Fund, Special Revenue Funds (including Special Library Fund, Golf Course Fund, Sewer Operating Fund, Solid Waste Fund, Mumford Cove Fund, Revaluation Fund and Computer Replacement Fund) and the Debt Service (Groton Sewer District) Fund to the Town Council.

After one public hearing and numerous public meetings, the Town Council on or before April 28th recommends these budgets as revised to the Representative Town Meeting (RTM). The RTM reviews and takes final action on each function's budget no later than May 25th. These appropriations become the legal level of control. Following RTM approval of a final budget, the Town Council shall determine the final tax rate on or before June 9th. The Town Council must authorize all transfers of legally budgeted amounts between functions with RTM authorization required on all transfers over \$10,000. In this process, function budget accounts serve as the

TOWN OF GROTON, CONNECTICUT

NOTES TO FINANCIAL STATEMENTS, CONTINUED

legal level of control. Transfers within functions are not necessary. Additional appropriations may only be made by the Town Council and RTM in accordance with Town Charter provisions. For the year ended June 30, 2011, there were additional appropriations of \$73,000.

Formal budgetary integration of these budgets is employed as a management control device in the General Fund. Formal budgetary integration is not employed in other funds (other than the Special Revenue Funds listed above) because budgetary control is alternately achieved by constraints imposed by the project authorization or grant awards related to these funds.

All unencumbered appropriations lapse at year-end except for those in the Capital Projects Fund. Appropriations for these amounts are continued until completion of the applicable projects, which often last more than one fiscal year but cannot exceed five (5) years.

The Town's budgeting system requires accounting for certain transactions to be on a basis other than GAAP. The major differences between the budget and GAAP bases are as follows:

- Taxes collected within 60 days subsequent to June 30 are recognized as revenue for GAAP purposes during the current year compared to recognition in the year received for budgetary purposes.
- Encumbrances are recognized as a valid and proper charge against a budget appropriation in the year in which the purchase order is issued, and, accordingly, encumbrances outstanding at year-end are reflected in budgetary reports as expenditures in the current year whereas they are shown as a reservation of fund balance on a GAAP basis of accounting.
- State of Connecticut payments on behalf of the Town teachers for the State teacher retirement system are reported for GAAP purposes only.

B. Deficit Fund Equity

The following funds had a deficit fund balance at June 30, 2011:

Major Funds:	
School Construction	\$ (1,608,414)
Nonmajor Funds:	
Educational Grants	(195)
Internal Service:	
Workers' Compensation	(396,852)

The School Construction Fund's deficit will be eliminated through future permanent financing. The Internal Service Fund deficit will be funded on a current basis with future premiums. The Educational Grants deficit will be funded with future federal and state grants.

C. Overexpended Appropriations

The subdivisions line item was over expended by \$1,589 during the current year.

TOWN OF GROTON, CONNECTICUT

NOTES TO FINANCIAL STATEMENTS, CONTINUED

3. DETAILED NOTES ON ALL FUNDS

A. Cash, Cash Equivalents and Investments

The deposit of public funds is controlled by the Connecticut General Statutes (Section 7-402). Deposits may be made in a “qualified public depository” as defined by Statute or in amounts not exceeding the Federal Deposit Insurance Corporation insurance limit in an “out of state bank,” as defined by the Statutes, which is not a “qualified public depository.”

The Connecticut General Statutes (Section 7-400) permit municipalities to invest in: 1) obligations of the United States and its agencies, 2) highly rated obligations of any state of the United States or of any political subdivision, authority or agency thereof, and 3) shares or other interests in custodial arrangements or pools maintaining constant net asset values and in highly rated no-load open end money market and mutual funds (with constant or fluctuating net asset values) whose portfolios are limited to obligations of the United States and its agencies, and repurchase agreements fully collateralized by such obligations. Other provisions of the Statutes cover specific municipal funds with particular investment authority. The provisions of the Statutes regarding the investment of municipal pension funds do not specify permitted investments. Therefore, investment of such funds is generally controlled by the laws applicable to fiduciaries and the provisions of the applicable plan.

The Statutes (Sections 3-24f and 3-27f) also provide for investment in shares of the State Short-Term Investment Fund (STIF) and the State Tax Exempt Proceeds Fund (TEPF). These investment pools are under the control of the State Treasurer, with oversight provided by the Treasurer’s Cash Management Advisory Board, and are regulated under the State Statutes and subject to annual audit by the Auditors of Public Accounts. Investment yields are accounted for on an amortized-cost basis with an investment portfolio that is designed to attain a market-average rate of return throughout budgetary and economic cycles. Investors accrue interest daily based on actual earnings, less expenses and transfers to the designated surplus reserve, and the fair value of the position in the pool is the same as the value of the pool shares.

Deposit Custodial Credit Risk - Custodial credit risk is the risk that, in the event of a bank failure, the Town’s deposits will not be returned. The Town does not have a deposit policy for custodial credit risk; however, the deposit of public funds is controlled by the Connecticut General Statutes. Deposits may be placed with any qualified public depository that has its main place of business in the State of Connecticut. Connecticut General Statutes require that each depository maintain segregated collateral (not required to be based on a security agreement between the depository and the municipality and, therefore, not perfected in accordance with federal law) in an amount equal to a defined percentage of its public deposits based upon the depository’s risk based capital ratio.

TOWN OF GROTON, CONNECTICUT

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Based on the criteria described in GASB Statement No. 40, *Deposits and Investment Risk Disclosures*, \$19,597,318 of the Town’s bank balance of \$26,209,486 was exposed to custodial credit risk as follows:

Uninsured and uncollateralized	\$	6,285,886
Uninsured and collateral held by the pledging bank’s trust department, not in the Town’s name		<u>13,311,432</u>
Total Amount Subject to Custodial Credit Risk	\$	<u><u>19,597,318</u></u>

Cash Equivalents

At June 30, 2011, the Town’s cash equivalents amounted to \$32,800,743. The following provides a summary of the Town’s cash equivalents (excluding U.S. government guaranteed obligations) as rated by nationally recognized statistical rating organizations. The pools all have maturities of less than one year.

		<u>Standard and Poor’s</u>
State Short-Term Investment Fund (STIF)		AAAm
Cutwater Asset Management - Connecticut CLASS Plus		AAAm
Bank of America, N.A. Cash Management Assets		Not rated

Investments

As of June 30, 2011, the Town had the following investments:

<u>Investment Type</u>	<u>Credit Rating</u>		<u>Fair Value</u>
Common stock	N/A	\$	15,367
Mutual funds	N/A		<u>87,513,737</u>
Total Investments		\$	<u><u>87,529,104</u></u>

N/A Not Applicable

Investment Custodial Credit Risk - Custodial credit risk for an investment is the risk that, in the event of the failure of the counterparty, the Town will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. The Town does not have a policy for custodial credit risk. At June 30, 2011, the Town did not have any uninsured and unregistered securities held by counterparts, or by their trust department or agents, that were not in the Town’s name.

TOWN OF GROTON, CONNECTICUT

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Credit Risk - Investments - The Town has no investment policy that would limit its investment choices due to credit risk other than State Statutes governing investments in obligations of any State or political subdivision or in obligations of the State of Connecticut or political subdivision.

Concentration of Credit Risk - The Town has no policy limiting an investment in any one issuer that is in excess of 5% of the Town's total investments

Interest Rate Risk - The Town does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

The Town's investment policy, in conformity with applicable Connecticut General Statutes, authorizes investment in the State Treasurer's Short-Term Investment Fund (STIF) and Cutwater Asset Management - Connecticut CLASS Plus Investment. The value of the position in the pools is the same as the value of the pool shares. Regulatory oversight for the State Treasurer's STIF is provided quarterly by the Investment Advisory Council and the Treasurer's Cash Management Board. Regulatory oversight for Cutwater Asset Management - Connecticut CLASS Plus Investment is provided by an investment advisory council consisting of members appointed by the municipalities. Other authorized investments include pooled and joint investments meeting the requirements of the policy, excluding those pools investing in "derivative" securities; certificates of deposit; repurchase agreements; and obligations of the United States and agencies of the federal government.

Deposits and investments for retirement funds are also disclosed in Note 4.

B. Endowments Received

	<u>Williams Library Trust</u>	<u>Julia Bill Library Trust</u>	<u>Rispoli Scholarship</u>	<u>Total</u>
Original principal received	\$ 98,392	\$ 27,543	\$ 200,000	\$ 325,935
Net appreciation on investments	<u>57,322</u>	<u>24,873</u>	<u>107</u>	<u>82,302</u>
Total Value	<u>\$ 155,714</u>	<u>\$ 52,416</u>	<u>\$ 200,107</u>	<u>\$ 408,237</u>

The original principal received remains in the net assets and is restricted for the trust principal. The net appreciation on investments is included in unrestricted net assets and is spent based on the original criteria established by the trust. The Town's policy is to spend only investment income for the purposes of the trust.

TOWN OF GROTON, CONNECTICUT

NOTES TO FINANCIAL STATEMENTS, CONTINUED

C. Fund Receivables

Receivables at June 30, 2011, including the applicable allowances for collection losses, are as follows:

	General	Capital Improvement	Nonmajor and Other Funds	Total
Property taxes	\$ 2,501,928	\$	\$ 19,969	\$ 2,521,897
Assessments		1,452	405,970	407,422
Intergovernmental	127,669	276,635	1,789,481	2,193,785
Accounts receivable	94,947		248,434	343,381
User fees receivable			1,275,668	1,275,668
Gross receivables	2,724,544	278,087	3,739,522	6,742,153
Allowance for collection losses	(220,000)		(303,500)	(523,500)
Net Receivables	\$ 2,504,544	\$ 278,087	\$ 3,436,022	\$ 6,218,653

Governmental funds report deferred revenue in connection with receivables that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the various components of deferred revenue and unearned revenue reported in the governmental funds were as follows:

	Unavailable	Unearned
General Fund:		
Delinquent property taxes receivable	\$ 2,274,286	
Property taxes paid in advance		\$ 12,008
Recreation fees collected in advance		92,620
Capital Improvements Fund:		
Assessments receivable	1,452	
Nonmajor Governmental Funds:		
Delinquent assessments receivable	26,966	
CDBG loans receivable	370,678	
Various grants		1,624,298
Total Deferred/Unearned Revenue for Governmental Funds	\$ 2,673,382	\$ 1,728,926

TOWN OF GROTON, CONNECTICUT

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Capital assets held by the Town's internal service funds are charged to the various functions based on their usage of assets	554,240
Golf Course	42,599
Total Depreciation Expense - Governmental Activities	\$ 7,097,575

TOWN OF GROTON, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS, CONTINUED

Construction Commitments

The Town has the following construction commitments as of June 30, 2011:

	Project Amount
Roads/Streets/Sidewalks:	
Resurfacing and Sidewalks	\$ 4,097,329
Building Improvements/Modifications:	
Public Buildings	84,404

The commitments are being financed with capital reserve and sewer sinking fund monies, general obligation bonds, and state and federal grants.

E. Interfund Receivables, Payables and Transfers

As of June 30, 2011, interfund receivables and payables that resulted from various interfund transactions were as follows:

Receivable Fund	Payable Fund	Amount
General Fund	Capital Improvement Fund	\$ 421,394
	Nonmajor governmental funds	270,682
	Fleet Fund	1,897
		693,973
Nonmajor governmental funds	Capital Improvement Fund	336,215
Nonmajor governmental funds	General Fund	100
		\$ 1,030,288

The balance of \$1,030,288 due from other funds represents amounts committed to the General Fund from various special revenue and capital project funds and funds committed from the Capital Improvement Fund to the Sewer Operating and Sewer Construction Funds related to Clean Water projects.

TOWN OF GROTON, CONNECTICUT

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Interfund Transfers

Interfund transfers during the year ended June 30, 2011 were as follows:

	Transfers In			
	General Fund	Capital Improvements Fund	Nonmajor Funds	Total Transfers Out
Transfers out:				
General Fund	\$	\$ 828,000	\$ 6,475	\$ 834,475
Capital Improvement	73,000			73,000
Nonmajor funds	<u>656,556</u>	<u>3,220,106</u>		<u>3,876,662</u>
 Total Transfers In	 \$ <u>729,556</u>	 \$ <u>4,048,106</u>	 \$ <u>6,475</u>	 \$ <u>4,784,137</u>

Transfers are used to account for revenues collected mainly in the General Fund and appropriated to other funds to finance various programs, i.e., Capital Projects, Revaluation and Computer Replacement, all in accordance with budget authorizations. The purpose of the transfers in to the General Fund were to record revenues received from other funds pertaining to services provided to them by General Fund functions that were determined by the cost allocation plan. Transfers out to the Capital Improvements Fund consisted of budgetary transfers for the replacement of capital assets and the transfer of grant revenue to fund clean water fund projects.

TOWN OF GROTON, CONNECTICUT

Total Fund Balance	\$ 13,190,242	\$ 6,729,622	\$ (1,608,414)	\$ 12,330,947	\$ 30,642,397

Encumbrances are included in the General Fund in the general government and board of education line items.

TOWN OF GROTON, CONNECTICUT

NOTES TO FINANCIAL STATEMENTS, CONTINUED

G. Leases

Operating Leases

The Town leases buildings and copiers under noncancelable operating leases. The total costs for such leases were \$86,896 for the year ended June 30, 2011. The future minimum lease payments for these leases are as follows:

<u>Year Ending June 30</u>		<u>Governmental Activities</u>
2012	\$	78,249
2013		67,342
2014		64,184
2015		105,413
2016		12,116
Thereafter		36,348

The Town also leases various buildings, portions of buildings and tracts of land to outside parties for a bargain lease price.

Capital Leases

The Town has entered into three lease agreements as lessee for financing the acquisition of a police booking station and two pieces of field equipment. The leases qualify as capital leases for accounting purposes and, therefore, have been recorded at the present value of their future minimum lease payments as of the inception date. The assets acquired through the capital leases are as follows:

		<u>Governmental Activities</u>
Equipment	\$	57,661
Less accumulated depreciation		<u>(5,842)</u>
Total	\$	<u><u>51,819</u></u>

TOWN OF GROTON, CONNECTICUT

NOTES TO FINANCIAL STATEMENTS, CONTINUED

The future minimum lease obligation and the net present value of the minimum lease payments as of June 30, 2011 were as follows:

<u>Year Ending June 30</u>	<u>Governmental Activities</u>
2012	\$ 15,157
2013	8,321
2014	4,200
Less amount for interest	<u>(1,846)</u>
Minimum lease payments	<u>\$ 25,832</u>

H. Bond Anticipation Notes Payable

Bond anticipation note transactions for the year ended June 30, 2011 were as follows:

Oustanding, July 1, 2010	\$ 3,040,000
New borrowings	3,210,000
Repayments	<u>(3,040,000)</u>
Oustanding, June 30, 2011	<u>\$ 3,210,000</u>

The Town issued bond anticipation notes in order to fund school construction projects. The bond anticipation notes outstanding at June 30, 2011 bear interest at 0.409% and mature on July 26, 2011.

I. Long-Term Debt

Long-term liability activity for the year ended June 30, 2011 was as follows:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balance</u>	<u>Due Within One Year</u>
General obligation bonds	\$ 55,400,000	\$	\$ 3,810,000	\$ 51,590,000	\$ 3,805,000
Clean Water Fund loan	12,864,411		959,581	11,904,830	606,051
Landfill post-closure monitoring	2,958,000		168,200	2,789,800	168,200
Capital lease obligations	45,057		19,225	25,832	13,957
Compensated absences	2,983,681	597,481	1,527,101	2,054,061	144,290
Net OPEB obligation	<u>687,028</u>	<u>70,167</u>		<u>757,195</u>	
Long-Term Liabilities	<u>\$ 74,938,177</u>	<u>\$ 667,648</u>	<u>\$ 6,484,107</u>	<u>\$ 69,121,718</u>	<u>\$ 4,737,498</u>

Included in long-term liabilities is the estimated obligation for employee compensated absences aggregating \$2,054,061 as of June 30, 2011. The liability will be funded through the General Fund, the Golf Course Fund and the Sewer Operating Fund.

TOWN OF GROTON, CONNECTICUT

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Bonds

All bonds are general obligation debt of the Town and are secured by the general revenue raising powers of the Town. However, it is management's intention that all sewer bonds be serviced by the taxes and sewer assessments of the Groton Sewer District, which are accounted for in the Debt Service Fund. The debt service associated with the Fort Hill sewer rehabilitation project will be funded with revenue generated from the Town's sewer use fee rate within the sewer operating fund.

The Town's general obligation bonds bear interest at rates from 2% to 6.9% and mature as follows:

Fiscal Year	Groton General Fund		Groton Sewer District	
	Principal Payments	Interest Payments	Principal Payments	Interest Payments
2012	\$ 3,595,000	\$ 1,975,130	\$ 210,000	\$ 16,800
2013	3,360,000	1,847,305	210,000	8,400
2014	3,360,000	1,722,225		
2015	3,355,000	1,593,211		
2016	3,350,000	1,465,290		
2017-2021	14,860,000	5,466,823		
2021-2026	13,805,000	2,577,569		
2027-2030	5,485,000	310,538		
	\$ 51,170,000	\$ 16,958,091	\$ 420,000	\$ 25,200

At June 30, 2011, the Town has available from the State of Connecticut \$54,689 of school bond principal subsidies due in installments through 2012.

Total authorized but unissued long-term debt at June 30, 2011 consists of the following:

	Bonds Authorized Unissued
Animal Shelter	\$ 65,459
Senior Center	2,845,000
WPCF Additions/Improvements and Sewer System Evaluation	743,389
School Construction	3,471,993
Fort Hill Homes	131,200
	\$ 7,257,041

TOWN OF GROTON, CONNECTICUT

NOTES TO FINANCIAL STATEMENTS, CONTINUED

The Town's indebtedness does not exceed the legal debt limitations as required by the Connecticut General Statutes as reflected in the following schedule:

<u>Category</u>	<u>Debt Limit</u>	<u>Indebtedness</u>	<u>Balance</u>
General purpose	\$ 206,828,186	\$ 25,040,565	\$ 181,787,621
Schools	413,656,371	35,741,804	377,914,567
Sewers	344,713,643	7,835,589	336,878,054
Urban renewal	298,751,824		298,751,824
Pension deficit	275,770,914		275,770,914

The total overall statutory debt limit for the Town is equal to seven times annual receipts from taxation including coterminous municipalities, or \$643,465,466. All long-term debt obligations are retired through General Fund and Debt Service Fund appropriations.

Indebtedness, in accordance with State statutes, includes long-term debt outstanding in addition to the amount of bonds authorized and unissued against which bonds have been issued to partially finance the project or bond anticipation notes issued and outstanding. Additionally, underlying debt of \$6,700,606 is included in the calculation of indebtedness. Bonds authorized and unissued amounted to \$7,257,041 at June 30, 2011. School indebtedness is net of school building grants of \$54,689.

Clean Water Fund Loan

During 2008, the Town entered into a project loan agreement with the State of Connecticut for a Clean Water Project. As of June 30, 2011, the Town has received financing of \$10,932,360. This amount includes the original approved amount of \$9,361,766 and \$2,239,922 of the amended funding of \$3,502,645 that the Town has received to date. The total Clean Water Project funding will be \$12,864,411. The additional funding was recognized in prior years, and the remaining amended funding not yet received has been recorded as a receivable in the Sewer Construction Fund. The loan bears interest at 2% and is to be repaid over 20 years. Repayments begin in November 2010.

TOWN OF GROTON, CONNECTICUT

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Annual debt service payments to the State of Connecticut are as follows:

Fiscal Year	Sewer Construction Fund	
	Principal Payments	Interest Payments
2012	\$ 606,051	\$ 217,673
2013	606,051	205,552
2014	606,051	193,431
2015	606,051	181,310
2016	606,051	169,189
2017-2021	3,030,256	664,131
2022-2026	3,030,256	361,105
2027-2030	<u>2,814,063</u>	<u>72,474</u>
	<u>\$ 11,904,830</u>	<u>\$ 2,064,865</u>

J. Landfill Closure and Postclosure Care Cost

State and federal laws and regulations require the Town to place a final cover on two landfill sites when it stops accepting waste and to perform certain maintenance and monitoring functions at the sites for 30 years after closure. One of the Town's municipal solid waste landfills stopped accepting waste in 1994. The remaining postclosure costs for this site are estimated to be \$1,522,500 (\$101,500 per year for 15 years). The other landfill site stopped accepting waste in the fall of 2001 and its remaining postclosure cost is \$1,267,300 (\$66,700 for 19 years). Actual costs may be higher due to inflation, changes in technology or changes in regulations.

4. PUBLIC EMPLOYEE RETIREMENT SYSTEM

A. Plan Description and Provisions

All Town employees (nonunion choose an election at hire), except certified members of the Board of Education, participate in the Town of Groton Retirement System (TGRS), a single-employer defined benefit pension plan administered by the Retirement Board. TGRS provides retirement, disability and death benefits to plan members and beneficiaries. The charter provides the Town Council with the authority to establish and amend benefit provisions, by ordinance, through the Retirement Board. The Plan is considered to be part of the Town's financial reporting entity and is included in the Town's financial reports as a pension trust fund. Stand-alone financial statements are not available.

TOWN OF GROTON, CONNECTICUT

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Under the plan, all full-time employees hired are eligible. Police Officers, BOE Secretaries and Custodians are 100% vested after 10 years of service. Firefighters are 50% vested after 10 years with 3.3% additional after each of the next 15 years. General Government Nonbargaining, GMEA, AFSME, Steelworkers and BOE Central Office Employees are 100% vested after 5 years of service. Benefits are calculated as follows:

Board of Education - School Secretaries: 1.25% of average annual pay for service years prior to 1989, 1.85% for service years between 1989 and 2001, and 2% for service years after 2001 (for highest paid 5 years of last 7 years) times the number of years of participation.

Board of Education - Custodians/Maintenance: 1.25% of average annual pay (highest 3 years) times years of service before July 1, 1989 and 1.85% of average annual pay (highest 3 years) times years of service after June 30, 1989 and for those retiring after June 30, 2003, 2% of average annual pay times number of continuous years of service after June 30, 2001. No more than 25 years shall be credited at 2% and 1.85%, with all additional years credited at 1.25%.

GMEA: 2.05% of average annual pay (for highest 3 years) times the number of years of continuous service up to 30 years of service and 1.25% of average annual pay times years of continuous service in excess of 30.

Board of Education - Administrative: 2% of average annual pay (for highest 3 years) times the number of years of continuous service up to 25 years of service and 1.25% of average annual pay times years of continuous service in excess of 25.

General Government AFSCME: 2% of average annual pay (for highest 3 years) times the number of years of continuous service, up to 25 years of service and 1.25% of average annual pay times years of continuous service in excess of 25. Benefit is reduced by 2% for each year of age or service that the sum of age and years of service is less than 85.

General Government Nonbargaining: 2% of average annual pay (for highest paid 3 years out of last 5 years) times the number of years of continuous service up to 30 years of service and 1.25% of average annual pay times years of continuous service in excess of 30. The Rule of 85 (sum of age and years of service) may be applied if under 60 and the Rule of 75 may be applicable if over the age of 60.

Steelworkers: 2% of average annual pay (for highest 3 years) times the number of years of continuous service, up to 30 years of service and 1.5% of average annual pay times years of continuous service in excess of 30.

Firefighters: 2.75% of average annual pay (highest paid 4 years) times years of continuous service up to 30 years.

TOWN OF GROTON, CONNECTICUT

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Union Police Officers: 2.667% of average annual pay (highest paid 5 years) times the number of years of continuous service up to 30 years of service. Benefits are reduced where age and years are less than the Rule of 75.

Nonunion Police Officers: 2.667% of average annual pay (highest paid 3 years) times the number of years of continuous service up to 30 years of service. Benefits are reduced where age and years are less than the Rule of 75.

Maximum benefits are 66-2/3% of average annual pay for members of the General Government, AFSCME and Board of Education. Maximum benefits are 70% of average annual pay for members of the GMEA and USWA. Maximum benefits are 75% of average annual pay for Firefighters and General Government Nonbargaining and 80% for Union and Nonunion Police Officers.

B. Funding Policy

Employees other than Police Officers and Firefighters are required to contribute 4% of pay to the Plan. Non-union Police Officers contribute 7.5% and Union Police Officers contribute 7.75%, Firefighters 6.5% and GMEA 5%. Contributions of nonvested employees are returned with interest, if applicable, upon termination or death prior to retirement. The Town funds at least the actuarially determined amounts. Benefits and contributions are established by the Town and may be amended only by the Town Council subject to the terms of collective bargaining agreements with certain unions.

At July 1, 2010, TGRS membership consisted of:

Retirees and beneficiaries currently receiving benefits	199
Terminated employees entitled to benefits but not yet receiving them	20
Active plan members	<u>423</u>
Total	<u><u>642</u></u>

C. Method Used to Value Investments

Investments are reported at fair value. Investment income is recognized as earned. Gains and losses on sales and exchange of investments are recognized on the transaction date.

TOWN OF GROTON, CONNECTICUT
NOTES TO FINANCIAL STATEMENTS, CONTINUED

D. Annual Pension Cost and Net Pension Obligation (Asset)

The Town's annual pension cost and net pension obligation (asset) to the TGRS for the current year were as follows:

Annual required contribution	\$ 2,383,892
Interest on net pension obligation	(82,131)
Adjustment to annual required contribution	<u>84,427</u>
Annual pension cost	2,386,188
Contributions made	<u>2,383,892</u>
Decrease in net pension asset	2,296
Net Pension Asset, July 1, 2010	<u>(1,026,633)</u>
Net Pension Asset, June 30, 2011	<u>\$ (1,024,337)</u>

The following is a summary of certain significant actuarial assumptions and other information:

Actuarial valuation date	July 1, 2010
Actuarial cost method	Projected Unit Credit
Amortization method	Level dollar
Remaining amortization period	30 years, open
Asset valuation method	5-year smoothed market value
Actuarial assumptions:	
Investment rate of return*	8.00%
Projected salary increases	3.25% to 6.25% (varies by age and group)
Cost-of-living adjustments	None

*includes an inflation rate of 3.25%

G. Connecticut State Teachers' Retirement System

The faculty and professional personnel of the Board of Education participate in a contributory defined benefit plan, established under Chapter 167a of the Connecticut General Statutes, which is administered by the Connecticut State Teachers' Retirement Board. A teacher is eligible to receive normal retirement benefits if he or she has attained the age 60 and has accumulated 20 years of credited service in the public schools of Connecticut or has attained any age and has accumulated 35 years of credited services, at least 25 of which are service in the public schools of Connecticut. The financial statements of the plan are available from the Connecticut State Teachers' Retirement Board, 21 Grand Street, Hartford, CT 06105.

Certain part-time and full-time certified teachers are eligible to participate in the plan and are required to contribute 7.25% of their annual earnings to the plan. The Town does not, and is not legally responsible to, contribute to the plan.

In addition, the Town has recognized revenues and expenditures for on-behalf payments for pension contributions paid directly to the Connecticut State Teachers' Retirement System by the State of Connecticut. Such on-behalf payments were \$5,977,244 for the year ended June 30, 2011.

5. POSTEMPLOYMENT HEALTHCARE PLAN - GROTON RETIRED EMPLOYEES HEALTHCARE PLAN

Summary of Significant Accounting Policies

Basis of Accounting - The financial statements of the Groton Retired Employees Healthcare Plan (GREHP) are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions are recognized when due and the employer has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan. Administrative costs of the plan are paid by the GREHP.

Investments are reported at fair value. Investment income is recognized as earned.

Plan Description

The GREHP is a single-employer defined benefit healthcare plan administered by the Town of Groton. The GREHP provides medical and dental benefits to eligible retirees and their spouses as established through negotiations between the Town and the various unions representing the employees. Eligible full-time and part-time employees of the Town may elect to participate in the plan.

The plan is considered to be part of the Town's financial reporting entity and is included in the Town's financial report as the Other Post-Employment Benefits Trust Fund. The plan does not issue a stand-alone financial report.

TOWN OF GROTON, CONNECTICUT

NOTES TO FINANCIAL STATEMENTS, CONTINUED

At July 1, 2010, plan membership consisted of the following:

	Retiree Health Plan
Retired members	200
Spouses of retired members	97
Active plan members	839
Total Participants	<u>1,136</u>

Funding Policy

The contribution requirements of plan members and the Town/Board of Education are also negotiated with the various unions representing the employees. Retired plan members and beneficiaries currently receiving benefits are required to contribute specified amounts monthly towards the cost of health insurance premiums as listed below. These are average costs with the actual costs to the retirees based on the employee group they were in when they retired.

Town Employees

The cost per month for Town employees receiving coverage under Anthem Blue Cross Blue Shield is \$791 per month for retiree only coverage and \$1,645 per month for retiree and spouse coverage, to age 65, and \$531 and \$1,225 per month, respectively, thereafter.

Board of Education Employees

The cost per month for Board of Education employees receiving coverage under Anthem Blue Cross is \$654 per month for retiree only coverage and \$1,308 per month for retiree and spouse coverage to age 65. The cost for Medicare eligible employees is \$305 per month for retiree only and \$610 per month for retiree and spouse.

Contributions

For the year ended June 30, 2011, plan members contributed \$2,651,842. The Town is required to contribute the balance of the current premium cost and may contribute an additional amount as determined by the Town in order to prefund benefits.

Employer contributions to the plan of \$3,258,700 were made in accordance with actuarially determined requirements. Of this amount, \$1,244,204 represents premium payments, \$557,796 represents implicit rate subsidy and \$1,456,700 was contributed to prefund benefits.

TOWN OF GROTON, CONNECTICUT

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Annual OPEB Cost and Net OPEB Obligations

The Town of Groton’s annual other postemployment benefit (OPEB) cost is calculated based on the annual required contribution (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed 30 years. The following table shows the components of the Town’s annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the Town’s net OPEB obligation (asset):

		<u>Retiree Health Plan</u>
Annual required contribution (ARC)	\$	3,315,000
Interest on net OPEB obligation		51,527
Adjustment to annual required contribution		<u>(37,660)</u>
Annual OPEB cost		3,328,867
Contributions made		<u>3,258,700</u>
Increase in OPEB liability		70,167
Net OPEB liability, July 1, 2010		<u>687,028</u>
Net OPEB liability, June 30, 2011	\$	<u><u>757,195</u></u>

The Town’s annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation (asset) for the fiscal year ended June 30, 2011 is presented below.

<u>Fiscal Year Ended</u>		<u>Annual OPEB Cost (AOC)</u>		<u>Actual Contribution</u>	<u>Percentage of AOC Contributed</u>		<u>Net OPEB Obligation (Asset)</u>
June 30, 2009	\$	2,776,866	\$	2,346,200	84.5%	\$	247,431
June 30, 2010		3,058,297		2,618,700	85.6%		687,028
June 30, 2011		3,328,867		3,258,700	97.9%		757,195

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as accrual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

TOWN OF GROTON, CONNECTICUT

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Projections for benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the July 1, 2010 actuarial valuation, the projected unit credit actuarial cost method was used. The actuarial assumptions include a 7.5% investment rate of return, which is the rate of the expected long-term investment returns of plan assets calculated based on the funding policy of the plan at the valuation date. The annual healthcare cost trend rate is 9% initially, reduced by decrements to an ultimate rate of 5% after four years. The general inflation assumption is 2.5% - 3.0%. Projected salary increases were 4.5%. The actuarial value of assets was determined using the closed group method. The UAAL is being amortized as a level percentage of projected payroll on a closed basis. The remaining amortization period at July 1, 2010 was 27 years.

Schedule of Funding Progress

<u>Actuarial Valuation Date</u>	<u>Actuarial Value of Assets</u>	<u>Actuarial Accrued Liability (AAL)</u>	<u>Unfunded AAL (UAAL)</u>	<u>Funded Ratio</u>	<u>Covered Payroll</u>	<u>UAAL as a Percentage of Covered Payroll</u>

TOWN OF GROTON, CONNECTICUT

NOTES TO FINANCIAL STATEMENTS, CONTINUED

6. OTHER INFORMATION

A. Risk Management

The Town is exposed to various risks of loss including torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; employee health and medical; and natural disasters. The Town generally obtains commercial insurance for these risks, but has chosen to retain the risks for workers' compensation and employee health and medical claims. Under the Town's current policy, the Health Insurance Fund covers all employee claims up to \$200,000 per claim with a stop-loss policy covering amounts exceeding the limit. The Town also purchases aggregate stop-loss coverage for claims in excess of 125% of expected claim level, which approximates \$10.1 million. The Workers' Compensation Fund covers claims associated with work-related injuries. The Town purchases commercial insurance for claims in excess of coverage provided by the Workers' Compensation Fund with an individual claim maximum of \$300,000 and a \$1,000,000 aggregate maximum per year. Town management has estimated a liability using actuarial methods at June 30, 2011 for claims incurred but not reported to be \$689,030 in the Health Insurance Fund and \$2,496,199 in the Workers' Compensation Fund, which includes heart and hypertension of \$1,924,817. The estimate for claim liability also includes amounts for incremental claim adjustment expenses.

Changes in the claims liability were as follows:

	<u>Liability</u>		<u>Current Year</u>		<u>Claim</u>		<u>Liability</u>		<u>Due Within</u>
	<u>July 1,</u>		<u>Claims and</u>		<u>Payments</u>		<u>June 30,</u>		<u>One Year</u>
			<u>Changes in</u>						
			<u>Estimates</u>						
<u>Health Insurance Fund</u>									
2010-2011	\$ 943,668	\$	11,075,205	\$	11,329,843	\$	689,030	\$	689,030
2009-2010	933,131		11,986,271		11,975,734		943,668		943,668
<u>Workers' Compensation Fund</u>									
2010-2011	\$ 2,537,641	\$	639,187	\$	680,629	\$	2,496,199	\$	124,810
2009-2010	2,513,309		480,633		456,301		2,537,641		126,882

The Town purchases commercial insurance for all other risks of loss, including blanket and umbrella policies. Settled claims have not exceeded commercial coverage in any of the past three fiscal years.

B. Contingencies

The Town is currently involved in several litigation matters. In the estimation of the Town's management and legal counsel, the final settlement of these matters will not materially affect the financial condition of the Town.

TOWN OF GROTON, CONNECTICUT

NOTES TO FINANCIAL STATEMENTS, CONTINUED

C. Concentration of Taxes

The Town's two largest taxpayers, based on the October 2009 grand list, comprise 18.0% of the net taxable grand list of the Town and approximately 8.3% of the total General Fund revenues for the year ended June 30, 2011.

7. PRIOR PERIOD ADJUSTMENTS

During the year, the Town implemented GASB Statement No. 54. This required the Town to review its special revenue funds and determine if the funds have a revenue source that is restricted or committed for a specific purpose. This revenue source also needs to constitute a substantial portion of the resources in the fund. As a result, various special revenue funds did not meet those requirements and are now reported as part of the General Fund.

The beginning fund balances for the following funds were restated as follows:

	<u>General Fund</u>	<u>Revaluation</u>	<u>Computer Replacement</u>
Balance, June 30, 2010	\$ 11,900,992	\$ 495,654	\$ 346,663
Reclassified to General Fund	<u>842,317</u>	<u>(495,654)</u>	<u>(346,663)</u>
Restated Fund Balance, July 1, 2010	<u>\$ 12,743,309</u>	<u>\$ -</u>	<u>\$ -</u>

Budgetary expenditures are different than GAAP expenditures because:

State of Connecticut on-behalf payments to the Connecticut State Teachers' Retirement System for Town teachers are not budgeted	5,977,244
Encumbrances for purchases and commitments ordered in the previous year that were received and liquidated in the current year are reported for GAAP financial statement reporting purposes	387,475
Various funds of the Town did not meet the definition of a special revenue fund for GASB 54 purposes and were, therefore, combined with the General Fund on a GAAP basis only	336,935
Elimination of transfers between General Fund and funds combined for GASB 54 purposes	<u>(149,662)</u>

Total Expenditures and Other Financing Uses as Reported on the Statement of Revenues, Expenditures and Changes in Fund Balances - Governmental Funds - Exhibit IV

Nonmajor Governmental Funds

Nonmajor Governmental Funds

Special Revenue Funds

Special revenue funds are used to account for specific revenues that are legally restricted to expenditures for particular purposes.

Educational Grants: Accounts for all specially financed education programs under grants received from the Federal or State government.

School Cafeteria: Accounts for revenue and expenditures of the food service operations in the Groton Public Schools.

Community Development: Accounts for block grants received from the United States Department of Housing and Urban Development.

Donation Fund: Accounts for miscellaneous donations.

Fitch Senior High Library Media Fund: Accounts for media fund at the Fitch Senior High School.

Board of Education Grants (DOD): Accounts for Federal Grant in accordance with Title II of P.L. 101-511 Department of Defense Appropriations Act.

Special Library Fund: Accounts for revenue and expenditures of State grants which can be used for general library purposes only.

Golf Course Fund: Accounts for revenue and expenditures of the municipal-owned golf course.

Sewer Operating Fund: Accounts for the costs associated with the administration, operation and maintenance of the Water Pollution Control Facility, collection sewers and pumping stations.

Solid Waste Fund: Accounts for the administration, operation and environmental management associated with the handling and disposal of solid waste within the Town of Groton.

Mumford Cove District: Accounts for taxes paid by residents to cover costs of fire protection contracted through Noank Fire District.

Emergency Energy Fund: Fuel assistance for those Groton residents that meet below poverty guidelines.

Other Special Revenue: Accounts for miscellaneous special revenue fund grants and other programs.

Escrow Fund: Accounts for fund that are received and held until services are rendered or contract terms are met. Also accounts for miscellaneous planning and zoning fees.

Parks and Recreation Revolving: Accounts for parks and recreation programs and trips that are self-supporting.

Outside Police Work: Accounts for the revenues and expenditures associated with Police Officers hired for traffic control.

Land Acquisition: Accounts for funds set aside for the purchase of open space.

Economic Assistance: Accounts for funds provided for the construction of necessary public infrastructure improvements associated with new job-creating development opportunities.

Vehicle Maintenance: Accounts for revenues and expenditures associated with fuel and vehicle maintenance provided to agencies outside of the Town.

Collegiate Baseball Fund: Accounts for revenues and expenditures associated with the usage of the high school baseball field by collegiate baseball programs.

Capital Projects Fund

Sewer Line Infrastructure Repair: Accounts for repairs made to the Town's sewer lines.

Sewer Construction: Accounts for capital improvements to the Town's sewer system.

Groton Sewer District: Accounts for revenues and expenditures related to the maintenance of the Groton Sewer District.

Debt Service Fund

The Debt Service Fund accounts for the payment of principal and interest on general long-term debt of the sewer district of the Town.

Permanent Funds

Williams Library Trust: Created by the will of Eliza K. Williams, the income of which is to be used for the purchase of educational books and current periodicals for the library in the Robert E. Fitch High School.

Julia Bill Library Trust: Created by the will of Julia Bill, the income of which is to be used to purchase equipment for Fitch Middle School.

Rispoli Scholarship: Created by the will of Elizabeth Rispoli's Trust, the income of which is to be used to provide scholarship money for Fitch High School students.

Internal Service Funds

Internal Service Funds

Internal service funds are used to account for the financing of goods or services by one department or agency to other departments or agencies of the Town, or to other governments, on a cost reimbursement basis. The Town has three such funds.

Fleet Reserve Fund - is used to account for the use and replacement of motor vehicles to other departments and related costs.

Health Insurance Fund - is used to account for the revenues and related expenses for the health self-insurance plan.

Workers' Compensation Fund - is used to account for the revenues and related expenses for the workers' compensation and heart and hypertension benefits.

Fiduciary Funds

Fiduciary Funds

Fiduciary funds are used to account for assets held in a trustee capacity for others, and include Pension Trusts, OPEB Trust, Private Purpose Trusts and Agency Funds.

- i. Pension Trust Fund** - utilizes the accrual basis of accounting and is used for the accumulation of resources to be used for retirement benefits. The financial statements for the Pension Trust Fund can be found at Exhibits VIII and IX.
- ii. OPEB Trust Fund** - utilizes the accrual basis of accounting and is used for the accumulation of resources to be used for other post-employment benefits. The financial statements for the OPEB Trust Fund can be found at Exhibits VIII and IX.
- iii. Private Purpose Trust Funds** - are used to account for resources legally held in trust for the benefit of individuals, private organizations or other governments. The Town's Private Purpose Trust Funds are listed below:

Francis A. Nye: Scholarship fund established to encourage the artistic talents of elementary school students.

Charles and Claudia Dominioni Fund: Scholarship fund established with the recipient to be the student attaining the highest standard at West Side Middle School.

Elihu Spicer Trust: Fund established by stipulated judgment that specified it would be used for the benefit, maintenance and support of poor residents of the Town.

Flora Perkins Trust: This Trust, established in memory of Flora Perkins, is to be used by Groton for youth and family services.

- iv. Agency Funds** - Agency funds are custodial in nature (assets equal liabilities). The Town's Agency Funds are listed below:

Performance Bonds: Accounts for all cash and cash equivalents held by the Town until the completion of a project.

Student Activities: Accounts for the various student activities and clubs.

Statistical Section

Statistical Section

The objectives of statistical section information are to provide financial statement users with additional historical perspective, context and detail to assist in using the information in the financial statements, notes to financial statements and required supplementary information to understand and assess economic condition.

Statistical section information is presented in the following categories:

- *Financial trends information* is intended to assist users in understanding and assessing how financial position has changed over time.
- *Revenue capacity information* is intended to assist users in understanding and assessing the factors affecting the ability to generate *own-source revenues* (property taxes, charges for services, etc.).
- *Debt capacity information* is intended to assist users in understanding and assessing debt burden and the ability to issue additional debt.
- *Demographic and economic information* is intended 1) to assist users in understanding the socioeconomic environment and 2) to provide information that facilitates comparisons of financial statement information over time and among governments.
- *Operating information* is intended to provide contextual information about operations and resources to assist readers in using financial statement information to understand and assess economic condition.

The accompanying tables are presented in the above order. Refer to the Table of Contents for applicable page number locations.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

(1) Employee benefits were budgeted at the function level for Fiscal Years 2001-2004. For all other years, Employee benefits were included in Non-Departmental.

(2) In Fiscal Year 2005, Outside Agencies was created as a new Area of Service. In prior years these agencies were included in various areas of service.

Source: Town Assessor's office

Note: By state law, property is assessed at 70% of actual value with periodic revaluation of real property.

** Denotes years in which a revaluation of real estate properties occurred.

Except in years of a revaluation, the estimated actual amount is calculated using the sales ratios developed by the State of Connecticut, Office of Policy and Management.

FYE 2008 reflects the 2006 revaluation, the increases of which were phased-in over a three-year period, FYE 2008 through FYE 2010.

* The "Taxes Levied for the Fiscal Year" figure is based on the original October 1 Grand List for each of the fiscal years listed. The Total Collections to Date amount could exceed the levy due to subsequent adjustments to the original levy and thus the Percentage of levy collected to date may be higher than 100%.

(2) See Table 12 for personal income and population data. These ratios are calculated using personal income and population for the prior calendar year.

TOWN OF GROTON, CONNECTICUT
SCHEDULE OF DEBT LIMITATION
FOR THE YEAR ENDED JUNE 30, 2011

Tax Base:		
Total tax collections (including interest and lien fees)	\$	78,330,344
Total tax collections (including interest and lien fees) of coterminous municipalities		13,591,294
Reimbursement of Revenue Loss from Tax Relief for the Elderly		<u>2,000</u>
Total Base	\$	<u><u>91,923,638</u></u>

	<u>Public Improvement</u>	<u>Schools</u>	<u>Sewers</u>	<u>Urban Renewal</u>	<u>Pension Deficit</u>
Debt Limitation:					
2 1/4 times base	\$ 206,828,186	\$	\$	\$	\$
4 1/2 times base		413,656,371			
3 3/4 times base			344,713,643		
3 1/4 times base				298,751,824	
3 times base					<u>275,770,914</u>
Total limitations	<u>206,828,186</u>	<u>413,656,371</u>	<u>344,713,643</u>	<u>298,751,824</u>	<u>275,770,914</u>
Indebtedness:					
Bonds outstanding	16,130,500	29,484,500	5,890,000		
Serial notes	370,000	2,840,000			
Authorized and unissued	2,910,459	3,471,993	874,589		
Underlying debt:					
Bonds and serial notes	5,379,606		1,071,000		
Authorized and unissued	250,000				
Less school building grants		<u>(54,689)</u>			
Total indebtedness	<u>25,040,565</u>	<u>35,741,804</u>	<u>7,835,589</u>	<u>-</u>	<u>-</u>
Debt Limitation in Excess of Outstanding and Authorized Debt	<u>\$ 181,787,621</u>	<u>\$ 377,914,567</u>	<u>\$ 336,878,054</u>	<u>\$ 298,751,824</u>	<u>\$ 275,770,914</u>

Notes: (1) The total of the above indebtedness amounts to: \$ 68,617,958

In no event shall total indebtedness exceed seven times the base for debt limitation computation: \$ 643,465,466

(2) Bonds authorized and unissued represent bond authorizations for which bonds have been issued to partially finance the project or bond anticipation notes are outstanding.

(3) Bonds and serial notes do not include water bonds of \$85,000 in accordance with State Statutes.

(4) The State of Connecticut Bureau of School Building Grants will reimburse the Town of eligible principal and interest costs over the life of any bonds issued for projects authorized by the General Assembly prior to July 1, 1996. School construction grants receivable stated above are for principal reimbursement only.

(5) The Town anticipates that the State of Connecticut will reimburse the Town approximately 50% of the costs associated with these school projects.
