- Meeting Minutes of February 4, 2013

- Correspondence from GAB Members
Duncan mentioned that the Men’s Club had raised concerns about the all red pin concept. Eric Morrison and Todd Goodhue explained that the course is trying to restore some of the historic characteristic of the game. Margret Hirsch suggested that the Pro Shop declare its philosophy up front.

Todd explained his plan to reduce the number of rangers by one on a daily basis.
- Review of Monthly Revenue Report – handed out at meeting

February was hindered by course closure days; therefore, the month was well below previous Calendar Year. The March report was printed from the Vermont System indicating March was equivalent to previous. Todd Goodhue reported that the number of Season Passes sold on April 1st was sizable and included many new members.

- Old Business

Duncan Olding asked about the progress of the on-line tee sheet. Todd Goodhue explained that he's going to launch the point-of-sale and the tee sheet together and will announce in advance when that will occur.

Todd Goodhue updated the group on the search for an assistant. The posting through the Town HR brought only one candidate who did not have sufficient qualifications. A reposting brought the same candidate and one other who was looking for specific hours that did not align.

- New Business

Tim spoke about the renovations Todd has made in the pro shop over the winter. The work was well crafted and the shop appears to have more space in the new floor plan.
