IV. SITE PLANS

1. Mystic River Ambulance (SIT15-18), 237 Sandy Hollow Road – Request for Extension or Action Required

Munn recused himself as he is a volunteer and Director for the Mystic River Ambulance. Sherrard appointed Tarbox to sit for Munn.

Russell Sergeant, Architect, reviewed plans for the 18 foot x 42 foot addition to accommodate a larger meeting room and one additional bedroom. He referred to cell phone towers on site, a wetland area, the septic system and parking. Sergeant explained the difficulty in putting in a sidewalk and requested a sidewalk waiver along Sandy Hollow Road.

Staff noted that a Wetland permit was granted in 1991. He spoke about sidewalks not being required at that time. All other elements of the site plan meet site plan regulations including the wetlands. Maps showing the sidewalk network from Route 1 all the way down to Sandy Hollow Road were reviewed.

Concerns were raised about the sidewalk network and the importance of having sidewalks. Discussion followed about a possible sidewalk agreement along Allyn Street. An inquiry was made about a pedestrian crossing on Allyn Street.

Steinford proposed a 5-year agreement for a sidewalk to be installed on Sandy Hollow Road and to put in a sidewalk on Allyn Street now. After some discussion, Steinford withdrew his proposal for a sidewalk agreement.

MOTION: To approve a waiver of section 7.5-2 regarding frontage sidewalks on Sandy Hollow Road for the following reasons:

1. Sidewalks are not recommended along Sandy Hollow Road by the Master Pedestrian, Bicycle and Trail Plan.
2. There will be no significant pedestrian movement to the site from Sandy Hollow Road

Motion made by Sherrard, seconded by Kane, so voted unanimously

MOTION: To approve the Mystic River Ambulance Site Plan subject to the following modifications:

1. A sidewalk shall be constructed along the property's Allyn St. frontage.
2. Necessary information concerning the Allyn St. sidewalk including, but not limited to, location, grades, elevations, and other details shall be provided on the site plan.
3. Technical Items as raised by staff shall be addressed

Motion made by Sherrard, seconded by Steinford, so voted 4-1-0 (Tarbox opposed)

2. Four Winds at Mystic, 0 Noank Ledyard Road – Request for Extension for One Year Start of Construction

Attorney Londregan and Clint Brown were present. An explanation was given as to why another extension is being requested. They noted that a permit for an extension from the Army Corp of Engineers has not yet been received.

Staff stated that plans have not yet been recorded. She referred to conservation easements and the Army Corp of Engineers. She recommended a 6-month extension to make sure that the plans get recorded within that 6-month period.

Attorney Londregan suggested a 6-month extension for recording plans and a 1-year Start of Construction Extension.

The draft motion was discussed and the importance of getting those plans recorded was noted. Clint Brown explained his concerns about the timing necessary to complete all of the provisions. Londregan would prefer to wait on recording the plans until after the report from the Army Corp of Engineers has been received. Concerns were raised as to the length of time it has taken to move forward on this project.

MOTION: To approve a request for an extension of time till November 26, 2016 for Start of Construction

Motion made by Sherrard, seconded by Steinford, so voted 4-1-0 (Kane opposed)

2. Zoning Board of Appeals Referral for Public Hearing on March 23, 2016
  - a. ZBA16-03 – Spicer Mansion Three Season Porch, 15 Elm Street

Russell Sergeant and Brian Gates were present for this referral.

Staff reviewed the specifics of the variance request for Spicer Mansion and maps were presented. Information was given about the balconies, above grade basement access, and zoning regulations. He stated that the variance would be a structural expansion of a non-conforming use. Special Permit #228 was approved 18 years ago. The Hotel/Motel will have food service for staying guests only. He explained that this request is an increase in the structural component of the building and not an increase in the “use”. It was noted that the applicant has received a Certificate of Appropriateness from the Historic District Commission.

Inquiries were made about the non-conformity, zoning, and the porch on the west side. Gates reviewed maps and spoke about windows. He noted that the Ocean House is the management company for the Spicer Mansion.

The Planning Commission had no comment.

Fitzgerald referred to the Executive Session that was held at the last Planning Commission meeting. Discussion followed about the importance of having regular members and alternate members present during executive sessions.
